Oneka Ridge JUNIOR Golf Lessons

The Junior Golf Lesson Program is designed for the junior (ages 11 -17) that wants to learn how to play or improve their game. We will be teaching basic swing mechanics as it relates to putting, chipping, irons and woods. We also cover etiquette, rules and equipment. These lessons are limited to 6 students per instructor or 12 total registrants. The fee for one or two sessions of four lessons is \$70.00each session. Sign up for any 3 sessions for only \$65 each (\$195) or sign up for 4 or more sessions for \$60 each. The more the student swings under our guidance the better they get! Golf clubs will be provided for children that do not have them. Students will be allowed to play 4 holes after the Wednesday lesson provided there is room on the course. The last day of the session the lesson is on the course.
