### **PRESIDENTS MESSAGE:**

First of all I would like to take the time to thank you all for the terrific contribution made to the Taylor Tournament with all proceeds going to the Ronald Macdonald House in Tampa. We Raised just over \$13,000 for the charity. The tournament was enjoyed by a number of superintendents, vendors and friends. The date for next year's event is [October 5th 2013](#).

I would also like to add that we have made a \$1,000 contribution to Cancer Research. On this subject don't forget to get your skin checked regularly.

I would like to thank John Stach and all the staff at Olde Hickory for hosting the Pro Super Supplier under such trying weather conditions the course was in excellent condition. Also at this time I would like to thank all the clubs who have hosted events this year.

In November we are hosting a regular meeting plus and educational meeting. This will aid in getting your club interested in Audubon International. I know my club is interested thru the members who are concerned about the environment and little things such as how many Styrofoam cups we use. The event is priced at \$25.00 for the four hour seminar. My General Manager has expressed his interest to attend since this is open for all club officials. I feel this would be a great opportunity to get GMs or Board Members involved and also a chance to educate them on the green industries positive approach to the environment.

As we head into season I would like to wish you all a great season and also thank you for all you do to make this chapter what it is. In closing from the board it is a privilege to serve such a great group of people.

Stuart Taylor
