1	Overall very popular and easy to pick up.	9/15/2022 2:52 PM
2	It's hard enough to get tennis courts.	9/15/2022 2:44 PM
3	too noisy	9/14/2022 6:56 PM
4	Pickleball is a great complement to the club's tennis programs -- socially, physically, and skill-wise.	9/14/2022 3:15 PM
5	Really a great sport and met a lot of people at the club I did not see otherwise	9/14/2022 12:40 PM
6	this is a tennis club - if it's so important build another facility in the parking lot	9/13/2022 8:10 PM
7	We are a tennis club.	9/13/2022 6:44 PM
8	This is going to be a nuisance with ball sound.	9/13/2022 3:19 PM
9	I think it is very important to have pickleball at Central Park. It is the fastest growing sport in the US and I am sure CP will look back and regret getting on board. It also allows members who can no longer play tennis to stay involved. My husband Scott Farrell is a good example of this.	9/13/2022 3:18 PM

12	We don't play PB but it's probably inevitable.	9/13/2022 9:06 AM
13	Pickle ball is Fun!! It is social, great exercise and accessible for all levels. It is a great addition to our club.	9/13/2022 8:57 AM
14	only support pickleball if courts for it can be limited to the west side of courts 1-4	9/13/2022 5:08 AM
15	I don't play pickleball	9/12/2022 6:44 PM
16	Love the opportunity. felt it enhances our membership	9/12/2022 5:29 PM
17	This is a tennis club for tennis players. I don't see why Pickleball is getting special treatment. Why not add volleyball or basketball?	9/12/2022 5:29 PM
18	This is a tennis club! Courts are hard enough to come by.	9/12/2022 5:27 PM
19	its time to switch one court to 4 pickle courts. Small sacrifice for the fastest growing sport in the U.S.	9/12/2022 5:09 PM
20	It is a must have	9/12/2022 4:57 PM
21	Every club has pickleball its the number 1 sport we need it. It's a great social game every one can play.	9/12/2022 4:29 PM
22	I don't play	9/12/2022 3:43 PM
23	Indoor is what I like the most but outdoor in the summer is ok.	9/12/2022 3:39 PM
24	Not often, but would like to play more.	9/12/2022 3:32 PM
25	While I appreciate that tennis is not losing its priority, I think that pickleball affords a very nice option.	9/12/2022 3:31 PM
26	Played a lot and have met a lot of new people!	9/12/2022 3:28 PM
27	It adds to the value of the social and family activities	9/12/2022 3:25 PM
28	Having another activity at club cannot be negative. Besides, Pickleball is very similar to tennis and it allows more players per area.	9/12/2022 3:25 PM
29	too noisy. build a seperate facility if you must.	9/12/2022 3:10 PM
30	Central Park needs to stay current with the popularity of the sport. Last night's event shows the level of interest is high for the sport.	9/12/2022 3:09 PM
31	With our age, we are playing more pickleball than tennis. If CP doesn't transition to pickleball, they will continue to lose aging members.	9/12/2022 2:52 PM
32	Pickleball is great fun and a good compliment to the tennis program. I've met more members and played with more different players at pickleball than I did with tennis.	9/12/2022 2:49 PM
33	not important to me	9/12/2022 2:48 PM

1	With our current set up I say not guests	9/16/2022 7:12 AM
2	Will require even more courts	9/15/2022 2:44 PM
3	It's bad enough taking away tennis time for PB play by members. Taking away tennis time for non-members is unconscionable.	9/15/2022 2:34 PM
4	My husband would play as a guest, especially if he is included in my free guest passes	9/15/2022 1:29 PM
5	Guests could have been accommodated on the pickleball courts without displacing members. As the \$15 would appear to more-than-cover the cost of a guest's wear and tear on the club, it makes sense to allow them and further the social value of the club.	9/14/2022 3:15 PM

1	If small portion of tennis inventory (times x courts), one could easily argue that this could open more tennis availability, as you can get more potential tennis players on pickleball courts.	9/15/2022 2:52 PM
2	We are the best tennis club in the Puget sound so don't spoil it with PB.	9/15/2022 2:34 PM
3	As member/owners any additional facility or offering makes our memberships more valuable. However, CP is not in the position that we need to add value to our memberships. Membership is at full capacity with a very robust waitlist to join. If we were losing members and struggling to find ways to engage our membership, then "adding value" might be a worthy pursuit. But this should not be the reason/rationale to add PB to CP's repertoire.	9/15/2022 1:15 PM
4	Pickleball and tennis go together naturally everywhere. Increasingly, tennis players will look for pickleball venues and, if they can find both at one facility, will value that facility more highly than a single-sport venue.	9/14/2022 3:15 PM
5	Absolutely. As I said the fastest growing sport.	9/13/2022 3:18 PM

8	Washingtons official sport!	9/13/2022 8:57 AM
9	We are in a competitive market for athletic clubs and our competition all have indoor pickleball	9/13/2022 6:50 AM
10	our club is about tennis	9/12/2022 6:44 PM
11	pickleball is an option to enhance our membership	9/12/2022 5:29 PM
12	Valuable? Are we selling the club to someone? If you want value, charge for court times.	9/12/2022 5:29 PM
13	This is a tennis club! Courts are hard enough to come by.	9/12/2022 5:27 PM
14	It's growing. Grow with the community needs or get left behind. Odds are high that someone will open a private Pickleball clubs and risk losing members to competing club.	9/12/2022 4:58 PM
15	May be but definitely not at the expense of tennis.	9/12/2022 4:57 PM
16	Similar to the pool or workout facilities, not everyone uses them but they add value to the overall membership.	9/12/2022 3:25 PM
17	It allows more players to use the club	9/12/2022 3:25 PM
18	As I & my joints get older, pickleball is a very viable alternative to tennis.	9/12/2022 3:21 PM
19	only if you can seperate it from tennis. if you have another facility you can add pickleball memberships	9/12/2022 3:10 PM
20	Yes - Got to keep up with the times. It's a popular sport that's not going away.	9/12/2022 3:09 PM

14	C'mon. It's too noisy to bring indoors.	9/12/2022 3:10 PM
15	The noise objection is total B.S. More tennis players make noise every time they hit than the pickle ball makes.	9/12/2022 3:09 PM

1	Unless it doesn't take away from indoor courts.	9/15/2022 2:44 PM
2	To be clear, I still value tennis more than pickleball. If the club could only offer one -- or if pickleball intruded too much on the quality and availability of tennis -- then I would choose tennis for the club. However, that has not been the case so far.	9/14/2022 3:15 PM
3	Dependent on what form. I support building independent courts in the gravel lot unless it is cost prohibitive. But we must never lose sight that we are a tennis club and we have a king waiting list to join-just for tennis.	9/13/2022 4:12 PM

1	As a pickleball player I was originally in favor of having pickleball at our club. However, after playing Pickleball at the club today I am reminded of why I decided to leave the Pro Club many years ago and join CPTC. I wanted to belong to a club where the focus was totally on tennis, and that's why I love CPTC!	9/16/2022 1:03 PM
2	If the membership is asking for Pickleball at the club, I would ask that it be located away from the tennis courts. We have plenty of space in the lot to put up 4 courts and cover with a carport like structure if needed. I am absolutely NOT in favor of indoor courts being converted for multi-use. If we choose to offer pickleball at our club, I am not in favor of separate pickleball memberships, it should be an extension of current benefits.	9/16/2022 9:34 AM
3	It's about time!	9/16/2022 9:27 AM
4	We should build pickleball courts on the gravel lot.	9/16/2022 7:12 AM
5	Fastest growing sport in America. Easy for Boomers to play. Check the average age of members.... Either recruit younger members or add pickle	9/15/2022 6:37 PM
6	Our interest in the club is tennis.	9/15/2022 5:49 PM
7	I think adding pickleball only enhances club offerings, while still keeping tennis #1!	9/15/2022 2:52 PM
8	Maybe look into building a bubble and charging a little more for people who want to play both.	9/15/2022 2:44 PM
9	Build some permanent, covered pickleball courts	9/15/2022 2:39 PM
10	Please don't take away tennis courts for PB. As a seasonal member who plays mostly outdoor tennis it's not right to take 1 of 6 outdoor courts for PB. Also, playing tennis on court 18 was less than optimal with PB lines in place. Playing tennis on courts 15-17 while PB was being played was very distracting due to ball & player noise. Obviously PB is growing rapidly so create dedicated courts on the gravel lot. This should not come at an expense for tennis players.	9/15/2022 2:34 PM
11	I did not use the pickleball court this summer. But I would like the club to strip a few courts for pickleball. My only concern to striping courts and allowing pickleball at the club indoors is the noise of the pickleball itself. I find the ball sound annoying, therefore I would suggest courts only be used indoors in the teaching building and outdoor Court 18 in the summer.	9/15/2022 2:18 PM
12	I think we are a tennis club and should focus on that.	9/15/2022 2:02 PM
13	Pickleball should be a daily part of CP's activity	9/15/2022 1:47 PM
14	Use some of the gravel parking lot space to build new Pickleball courts and a small facility with a bathroom to support it	9/15/2022 1:29 PM
15	Thank you to the board for considering and having a trial period for pickleball. It will not replace tennis for me, but it is nice to have something that non-tennis playing members of the family can participate.	9/15/2022 1:24 PM
16	if pickleball is allowed, which is noisy and very distracting, any form of noise will be allowed and has to be tolerated. it damages the prestige and attractiveness of the Central Park.	9/14/2022 6:56 PM
17	So far, pickleball has been limited in availability...just about 4 times per week, with some of those times being less desirable. I would be interested in exploring more variations on the pickleball program to see how it could be expanded without taking too much away from tennis.	9/14/2022 3:15 PM
18	Would like to see indoor pickleball during the winter during off hours	9/14/2022 12:40 PM

End of Summer Trial - Membership Survey for Pickleball

19	We should build separate pickleball courts in the gravel parking lot. This is the fastest growing sport in the US and it's easier to play if injured and can't play tennis.	9/14/2022 9:49 AM
20	One indoor and one outdoor court w pickleball reservation priority and could be a walk on tennis reserve if not being used for Pickleball	9/14/2022 9:15 AM
21	Permanent use on court 18 (lines remain) and periodic use in the teaching building. Socials at least 2-3 times/year. Eventually, would be good to have 1-2 dedicated courts in the area of the gravel parking lot.	9/13/2022 10:38 PM
22	CP has always been a highly respected tennis club. Pickleball is now the state sport because it was invented on Bainbridge Is. I happen to have been one of those who played on the court there. Pickleball should have it's own facility and not infringe on Central Park's current tennis buildings and courts. I personally do not want my dues raised because of the addition of Pickleball at Central Park. I fear that is what's going to happen.	9/13/2022 8:10 PM
23	Enjoyed playing more and more, love to keep it going!	9/13/2022 7:30 PM
24	Just want to say thanks to everyone involved in this trial -- lots of good and hard work :-)	9/13/2022 7:26 PM
25	should not in anyway be a focus; maybe a feature like squash courts were many years ago	9/13/2022 6:44 PM
26	Separate dedicated courts that have zero interference with tennis. At that time guests ok. Not in favor of a separate PB membership!F it would put a lot of traffic on our facilities- restrooms, gym ,showers etc	9/13/2022 4:12 PM
27	The constant, ear deafening, hollowed pitch sound of the plastic ball being rallied back and forth would create a lot of problems not only with senior citizens but also young adults. I can see unhappy members and dispute over time. This is a tennis court facility and it should be as is. Otherwise should also open Badminton as well.	9/13/2022 3:19 PM
28	I believe pickleball will benefit the club, especially those members who can no longer play tennis but their family member do. I think it important to offer that alternative. Plus since I have played pickleball I have met so many more people at the club I would not have had the opportunity to meet and play with. It allows for members to meet more people of different tennis levels and makes the club more all inclusive.	9/13/2022 3:18 PM
29	Having pickleball is a significant value to the club but needs to be indoors too because of limited playing season and rained on Sunday multiple times	9/13/2022 1:01 PM
30	I appreciate all the efforts from members and staff to add pickleball to CPTC's offerings.	9/13/2022 9:53 AM
31	Please do not take tennis courts away but would like to see a portion of the gravel lot be allocated to a few pickleball courts.	9/13/2022 9:00 AM
32	It would be wonderful to have an indoor court available at certain times during the rainy months, plus dedicated yet moveable outdoor court. Ideally we look to the future and build dedicated courts in the parking area.	9/13/2022 8:57 AM
33	It's a great addition and alternative for tennis if you are recovering from an injury or experiencing an injury that may not be debilitating but reduces your tennis play for a bit while recovering. I find pickle ball to be less taxing on the body and think it is a great additional offering for the club.	9/13/2022 8:38 AM
34	Four to six courts adjacent to the swimming pool with shared BBQ/picnic area.	9/13/2022 8:01 AM
35	again- only if dedicated courts are approved for the area of the overflow parking. I never want to hear pickleball near our tennis courts, ever.	9/13/2022 5:08 AM
36	Hope to have pickleball all year, so one court inside and one outside.	9/12/2022 11:15 PM
37	It would be great!	9/12/2022 10:15 PM
38	I would love to see us build permanent dedicated Pickle Ball courts.	9/12/2022 9:42 PM
39	I don't play pickle ball and don't intend to in the near term.	9/12/2022 9:06 PM
40	My feeling is that pickle ball generates noise and commotion which interferes with tennis play. If pickle ball is important to club members, dedicate 2 courts (8 / 18) and install a sound dampening wall separating them from tennis courts. Club management needs to acknowledge	9/12/2022 9:00 PM

End of Summer Trial - Membership Survey for Pickleball

that the two sports interfere with each other (lines / noise / commotion), requiring separate facilities.

41	I love to play pickleball. But I think the club has to offer enough opportunity to play tennis to the members which is the priority.	9/12/2022 8:47 PM
42	Even 2 pickleball courts would be a benefit to the club	9/12/2022 8:40 PM
43	I'd like to see us construct PB courts	9/12/2022 7:53 PM
44	Offering both to members can only strengthened the club both in value and socially. Increase the popularity of our club and offer an perhaps an alternative sport due to tennis related issues	9/12/2022 7:03 PM
45	I don't play, and am fine with one of the tennis courts being used for pickleball	9/12/2022 6:44 PM
46	Shouldn't happen	9/12/2022 6:39 PM
47	I am not in favor of pickle ball memberships or offering it to the public. Only interested in having it available to cp members	9/12/2022 6:35 PM
48	I am indifferent.	9/12/2022 6:31 PM
49	If it's so popular build separate courts. Do not use tennis courts	9/12/2022 6:29 PM
50	Getting indoor court time has become a real problem. The fact that there are courts available at certain times is of no help to those who can't play at those times. The lack of a waitlist is a huge issue as well, particularly for singles players who can't count on 3 other people to trade-off booking slots with. All of this is to say that if we add a separate facility to allow for pickleball then great. If it eats at all into tennis court availability then that is a big problem	9/12/2022 5:56 PM
51	Since indoor pickle ball is so loud consider area outside e.g. a bubble in gravel lot	9/12/2022 5:50 PM
52	Eventually I think we should build Pickleball courts on a portion of the gravel parking lot behind the pool	9/12/2022 5:38 PM
53	I would love to see the 5 year plan for a covered pickleball option in the gravel lot. also, a court in the teaching building at low usage tennis time	9/12/2022 5:29 PM
54	I am paying dues and fees for being able to play Tennis -- If you plan on charging people money for pickleball and then paying that money back out to the members, perhaps that would be ok. If not you will lose members. I have no interest in being a member of a club that takes up limited court and lesson time with more pickleball courts. Luke Burtis	9/12/2022 5:27 PM
55	I understand that this sport is growing in popularity, and that it potentially could increase our membership. If new courts could be added in the parking lot away from our outdoor courts, I would support the addition of pickleball. I do not support using existing tennis courts for Pickleball.	9/12/2022 5:22 PM
56	It has been fine for me with the pickleball designated court outside. I am against trying to co opt one of our indoor courts for pickleball. It is too noisy and disruptive.	9/12/2022 5:09 PM
57	4 courts now and four more when the demand increases	9/12/2022 5:09 PM
58	Multiple courts under an awning in the gravel parking lot! Thanks!	9/12/2022 5:05 PM
59	At least one indoor court with no restrictions if not booked for pickleball can book it for tennis We have very loud cardio tennis so noise not an excuse It must be indoor for weather reasons In the summer add one outdoor court	9/12/2022 4:57 PM
60	I like the idea of using Court 18 as a flex court. First come, first serve during Fall-Spring. Summer there should be more designated pickleball times, plus first come - first serve offerings.	9/12/2022 4:43 PM
61	I prefer tennis	9/12/2022 4:41 PM
62	If we offered 2 different types of memberships it would help pay for the new courts. I'm sure we would get lots of people who would be interested in just pickleball. When you go to the parks with pickleball it's always busy there is so much Interest	9/12/2022 4:29 PM
63	If pickleball is going to be a regular thing at CP, I would like to see it in a location other than the existing tennis courts. Playing tennis next to pickleball is the worst, more lines on the courts is distracting and the relative ease of booking courts FOR TENNIS is one of CP's great	9/12/2022 4:11 PM

End of Summer Trial - Membership Survey for Pickleball

strengths. And it is not THAT easy to book courts at CP, so I am not interested in anything that makes it harder.

64	I realize this opinion is probably not shared by the majority of members but some respect should be given to those of us that have been long-time members of the Club. This is a Tennis Club. When we joined, it was to play tennis, not pickleball. Pickleball is loud and disturbing to tennis players. Pickleball will take away court time from tennis players. Start a Pickleball Club rather than trampling on tennis players.	9/12/2022 4:03 PM
65	It would be nice to have an indoor option.	9/12/2022 3:59 PM
66	I would love actual permanent pickleball courts at CP. This summer - the times were very inconvenient for most working adults which was a huge bummer.	9/12/2022 3:57 PM
67	Thanks for doing this!	9/12/2022 3:57 PM
68	I would not be in favor of pickleball on any indoor courts at any time given that the indoor courts are already so heavily used and reserved for tennis.	9/12/2022 3:56 PM
69	A completely separate building for pickleball only built on the current gravel lot. Separate memberships could be made available- tennis only, pickleball only - with a fee for use of the other courts you are not a member of.	9/12/2022 3:45 PM
70	See above	9/12/2022 3:43 PM
71	Other members of my family would be excited to play pickleball even though they don't play much tennis.	9/12/2022 3:40 PM
72	I think it would be fine to have pickleball socials once in a while, but I don't believe we should paint pickleball lines on any courts other than 18. I also think that court 18 should only be reservable as a pickleball court as a walk-on. If someone has reserved court 18 for tennis but another outdoor court is open, then that tennis person should be required to move to a different outdoor court if someone is wanting to play pickleball as a walk-on.	9/12/2022 3:38 PM
73	If the Club does not continue to have pickle ball, I plan on leaving the Club. I am 82 years old.	9/12/2022 3:32 PM
74	Pickleball is NOT tennis and I would like Central Park to be a true Tennis Club.	9/12/2022 3:29 PM
75	Pickleball is a fast growing Sport. Having Pickleball at Central Park adds a new dimension and I get to play with members that I would not have met through tennis due to ratings.	9/12/2022 3:28 PM
76	I would like pickleball courts in the gravel lot, possible covered or building	9/12/2022 3:25 PM
77	It would be great to have a separate outside pickleball court as well as one court in the teaching building set up for periodic pickleball use during the winter months (Nov-Apr).	9/12/2022 3:25 PM
78	I see Pickleball to be gaining popularity as it allows more players per area. It also allow aged tennis players to enjoy a similar game longer.	9/12/2022 3:25 PM
79	It is a growing sport, especially for the aging cohort that is currently playing tennis at CPTC. One tennis court can be set up for 4 pickleball courts. Why wouldn't you do that?	9/12/2022 3:21 PM
80	Pickle ball is not going away. CP needs to be on board with it. Tennis players love pickle ball also. I would love to see a court in the parking lot if possible.	9/12/2022 3:20 PM
81	Perhaps develop a pickleball area subject to low costs. I don't play yet but looks like it is a sport here to stay with natural affiliation with tennis.	9/12/2022 3:16 PM
82	No pickle ball at Central Park!	9/12/2022 3:15 PM
83	It would be nice to use some of the parking lot/field for a pickleball court. Maybe just a slab but covered. I don't really want indoor pickle ball. I'm worried about the noise level.	9/12/2022 3:14 PM
84	We're a tennis club	9/12/2022 3:11 PM
85	It does not appear to be a flash in the pan so we must figure out a way to capitalize. Add an indoor facility away from tennis and add 50 pickelball only memberships.	9/12/2022 3:10 PM
86	It's here to stay and C.P. needs to continue to adapt to the wants of the members. Great job on the social last night.	9/12/2022 3:09 PM
87	I have no strong feelings about pickleball other than I would want it in its own place.	9/12/2022 3:03 PM

End of Summer Trial - Membership Survey for Pickleball

88	Covered courts so pickleball can be used year round. There's a lot of tournament players in this area and it would be great to have a place to train year round. If there's a plan for pickleball only membership that'll be great.	9/12/2022 3:02 PM
89	I don't like the sound of the pickle ball. It reminds me of Humans playing on a large ping pong table.	9/12/2022 3:00 PM
90	I think adding pickleball is a huge benefit to Central Park mainly for the aging out tennis players. PB is a perfect reason to stay at CP. This way you don't lose your members - or CP can offer a different membership base potentially. Also have PB builds community of young and old-family tournaments and leagues, drop in etc. That's what CP is all about, building a family club, PB can generate a new relatively inexpensive (start up) revenue stream. Adding family PB play, can feed into this. Also, hearing that maybe pickleball would be in the back parking lot is awesome for CP because it won't interfere with tennis (usta sanctioned tournaments) play will not be bothered by the PB sound. This can be a sore spot for other tennis clubs that might want to be on the cutting edge and have PB. Smaller clubs have problems overlapping so close together. CP is in a premier position to utilize both PB and tennis from a property standpoint.	9/12/2022 2:59 PM
91	Would like to see permanent indoor pickleball courts.	9/12/2022 2:54 PM
92	I hate that pickleball at Central Park comes at the expense of tennis. Court 18 is now cluttered with non-tennis stuff, including lines, nets, an extra water station, a fence extension. Pickleball creates unwelcome noise. It has the potential to increase guest traffic, and eventually take up more precious tennis court space. Central Park is a tennis club. We should not lose focus. If we must have pickleball, it should have net-new, earmarked resources vs. taking away from tennis resources.	9/12/2022 2:54 PM
93	Build a separate set of courts in the temp parking lot. No indoor courts giving up. No temp lines on indoor courts	9/12/2022 2:53 PM
94	Pickleball offers more value in general for club...inclusion for families...as members age it offers another way to stay active and social.	9/12/2022 2:53 PM
95	Please don't expand pickle ball any further...	9/12/2022 2:52 PM
96	Pickleball is becoming more popular than tennis. We see it when we travel to resorts around the country. The tennis courts are usually available but difficult to reserve a pickleball court, even in Hawaii.	9/12/2022 2:52 PM
97	It would be great to have access to an indoor court during the fall/winter months. Perhaps create a dual-use court in the Wright Building.	9/12/2022 2:49 PM
98	We've got a huge waiting list for tennis. Growth of the club is not going to be enhanced by having Pickleball. If anything, we should look at investments that improve the tennis experience for members. Also plenty of social opportunities at the club without Pickleball.	9/12/2022 2:49 PM
99	I do not envision pickleball as part of CPTC. However, if the membership agrees to it then I will agree to it.	9/12/2022 2:48 PM
100	We are a premier tennis facility, though I understand the popularity of Pickleball and enjoy playing, I don't want to see us loose focus to our tennis membership by taking courts away to play Pickleball. I also feel that if we were to have Pickleball permanently we should have a different membership fee structure. It is not fair for members that have no desire to play Pickleball pay for additional courts for those that do play.	9/12/2022 2:48 PM
101	I'd love to see pickle ball in its own designated area and not on a tennis court. I think there is value in the offering but it's loud and more social and the lines on the courts are annoying. I think if they are separate, they could harmoniously exist together. It's great for social event for all ages.	9/12/2022 2:45 PM
102	Everyone will be wearing rocket skates and laser guided goggles which will all them to rapidly transport around the airspace above the court and instantly lock onto the ball which will be made of vibranium and nuclear powered.	9/12/2022 2:45 PM
