1 Raffle ticket

## All Childrens Hospital Guild

The All Children's Hospital Guild North Pinellas Branches that collectively total over four hundred members. The Guild members are working on their third year of a \$1,350,000 pledge toward Johns Hopkins All Children's Nursing Excellence Program and the new LifeLine critical care pediatric ambulance to support the Transport Team. This is the first time that the Guild is taking on two worthy areas of the hospital in one pledge. Funds raised for Johns Hopkins All Children's Nursing Excellence Program will be used for education, training, and additional certification. Highly trained nurses are crucial in meeting a standard of excellence in care.

Across the nine Branches, Guild members live in several counties in the Tampa Bay area. They recognize the need for specialty ambulances that can safely transport young patients from long distances to Johns Hopkins All Children's Hospital.

The North Pinellas Branch, through proceeds from this event, supports the Guild's commitment. In addition, the Guilds Legacy Fund, supports our immediate community at the Johns Hopkins All Children's Outpatient Care East Lake located at 3850 Tampa Road, Palm Harbor 34684, which brings pediatric specialized care and services closer to home.
