Schaeffer Oil and Manufacturing specializes in helping golf courses save money on their bottom line through the use of high quality lubricants, and cost effective surfactants. Founded in 1839, Schaeffer is the oldest lubricant manufacturer in the country. We build mostly synthetic and para-synthetic lubricants. Our company has thrived for over 170 years because of our dedication to saving our customers money on their maintenance and agronomy.

Please Contact Drew Sampson at 602-820-3877 for more information.

Supreme Oil has been in business since 1939. We deliver gas (All Grades), including diesel and biodiesel. We also supply Industrial Lubricants and provide "On-Site" fuel fueling. An Attendant is available at our plant from 6:00 am to 4:30 pm Monday through Friday. Our Station Pumps are 24/7 for "CFN Commercial Fueling Network SOC accounts. Please Contact Steve Roberson at 602-373-3714

GOLF COURSE EQUIPMENT - DISTRIBUTOR

Arizona Machinery is a full service John Deere equipment distributorship. Owned by the same family since 1947, Arizona Machinery has been selling and servicing John Deere equipment in Arizona for 64 years. We are committed to making our customers' lives easier when it comes to their equipment fleet. We do this by cultivating long term relationships, providing flexible solutions and keeping our customers' equipment working for them so they can focus on their turf. Our outstanding team of long-term employees is here to assist you with all of your equipment needs, whether it be a trimmer, a roller, a top dresser or mower. We have a large inventory of parts and normally can have non-stock parts here within 24 hours. Our service techs can work on all brands of equipment, and they are the most experienced, knowledgeable team of experts in the industry. - Bob Slagle, Joe Landis

S & S Tire Co. was founded in May, 1976 by Bob and Joanne Slagle. Their two sons, Rob and Dan are involved in the management of the company. There are three retail locations in the West Valley. The original store is in Peoria, a store in the Goodyear/Avondale was added and finally a store in Surprise. Early on, golf courses were a target market. The company was close to all of the Del Webb courses in Sun City and Sun City West and we focused on that business. In time, the company expanded to all of the Valley and we like to think we are a premier supplier to golf courses throughout the Phoenix, Scottsdale and Mesa area. We first expanded to Tucson and have a presence there. About two years ago, we expanded to the Las Vegas/Henderson market. This business, which we operate under the name of Affordable Turf & Specialty Tire, has a better than 80% market share. We also started to market tires to golf courses in Northern California about a year ago and this area of our business is taking off very nice. We offer product manufactured by Carlisle, Greenball, Achieva and Deestone.

Stens® supplies quality replacement and original parts and accessories to more than 50,000 customers worldwide through its U.S. and international distribution network. Stens carries over 7,000 products including blades, belts, filters, saw chain and bars, spark plugs, and internal engine parts. Stens also carries a variety of universal products such as oil, lubricants, safety gear, trimmer line, tools, and hardware. In addition, Stens is the exclusive distributor of the Franzen automatic chain sharpening machine and distributes Trimmer Trap trailer

accessories and the Dinasaw chain sharpener. Stens owned brands include Silver Streak®, Mega-Fire®, StenMix®, TrueBlue®, and TruStripe®. Stens is also a respected member of the Outdoor Power Equipment Aftermarket Association (OPEAA). Please Contact Paul Mathies @ (812) 481-5577

Syngenta Lawn & Garden North America, headquartered in Greensboro, N.C., is organized into three main customer categories: Turf & Landscape, Syngenta Flowers Professional, and Consumer. The organization's mission is to provide innovative, integrated solutions to enrich the living experience of its customers. In support of this mission, L & G NA conducts business in three key areas: chemical control products for use in turf, ornamental, vegetative management and pest control; genetics (which includes seed and vegetative cuttings); and growing media. While the majority of the organization is focused on golf courses, professional lawn care operators, and greenhouse growers, L & G NA also works closely with leading retailers to target the consumer market segment with innovative offerings.
