Superintendent News October 2018

It's that time of year again when the grass stops growing and the leaves begin to fall. Each year while blowing and vacuuming the leaves, we normally have dumped our debris behind the shop. And when that was full we would take it between #17 and #8. This year, we do not have a place to dump. Between #17 and #8 is full and needs to be ground up and cleared out, and behind the shop Gwinnett County is not allowing any extra build up due to our retention pond. This year we have a place cleared behind the shop during burn days we will dispose of the debris. There could be days in which it may be a little smoky throughout the course.

October 15-16th, Georgia State will be hosting a collegiate tournament here at the club. On Tuesday morning the 16th, we will oversee the Driving Range tee immediately after the players tee off. The Driving Range tee will be on the mats for a couple of weeks while we are waiting for the ryegrass to become ready. During this time, we will water the tee every night and also times during the day. We can't allow the seed to dry out. There may be times when I may ask you to take a break for a few minutes while we get the tee watered. While we are waiting for the tee to get ready, please hit shots of the mats only including tee shots.
