GOLF NOTES

PGA HEAD GOLF PROFESSIONAL

Members,

We are almost through our Summer months! For those of you who are not here right now, we have experienced a very dry Summer to date compared to years past. In the following months, our members can expect to receive a release of all Tournament and League Schedules for the 2018-19 season. We are very excited to introduce some schedule and format changes that we believe will benefit our membership as a whole.

I wanted to highlight one of the most exciting projects that the golf operation is currently working toward. At our last Board of Directors Meeting, your Directors gave the approval to go forward with the inclusion of a new Tee at TPC Treviso Bay. The tee is yet to be named, and your Maintenance team has begun to draw out and work on these areas to get them ready for our season. The Florida State Golf Association Ratings Team will be out in the coming months to go through all of our tees and include the new tee with an official slope and rating. Following this process, the scorecards will be updated to include the new tee. We received professional services from Jan Bel Jan, known for her renowned expertise in golf course design. Based on the results, the new tee will play from around 4,030 yards. This will very much be in line with other clubs in our area. Our goal with this tee is to enhance the enjoyment for all players who wish to tee it forward! The idea will be to include another combo tee, which will combine the current Club (Red) tee markers and the new tee, to equal a distance between those two tees. We believe this will offer even more options to all of our golfers.

Endorsed by Jack Nicklaus, TEE IT FORWARD is a joint initiative between the USGA and the PGA of America that encourages players to play from the set of tees best suited to their driving distance. In addition to providing more enjoyment for golfers, teeing it forward also can be one of the most important steps that golfers take in improving pace of play. A recent survey of those who played forward tees more suitable to them showed:

- 56 percent played faster
- 56 percent are likely to play more golf
- 83 percent hit more lofted clubs into greens
- 85 percent had more fun
- 93 percent will TEE IT FORWARD again

Continued

GOLF NOTES

PGA HEAD GOLF PROFESSIONAL

See the chart below as an indicator of which tees you are recommended to play based on your driving distance. We encourage all of our members to try a forward tee if they find they are not in the right category of distance at this time.

TEE IT FORWARD

Guidelines for Selecting Tees

Driver Distance	Recommended 18 Hole Yardages
275	6,700 - 6,900
250	6,200 - 6,400
225	5,800 - 6,000
200	5,200 - 5,400
175	4,400 - 4,600
150	3,500 - 3,700
125	2,800 - 3,000
100	2,100 - 2,300

We have one more scheduled maintenance closure from September 10th – 18th. Along with this, the golf course will remain closed on Tuesdays for special projects. We will return to being open 7 days a week beginning October 1st. Be sure to get all of your reciprocal play in by October 31st, as the reciprocal season will come to a close. We look forward to seeing you all very soon! Have a great rest of your Summer!

Kindest Regards,

Ben DeArmond, PGA
Head Golf Professional

DRILL AND PLAY PRACTICE CLINIC

$20 fee, minimum of 2 sign-ups required

This practice clinic is designed for doubles players. The clinic is broken up into a warm-up section, drill section (covering groundstrokes, volleys, lobs, overheads) and real point-play practice. During practice drills, coaches will work with students on tennis fundamentals and strategies. To end the clinic, coaches will put together teams of doubles and end with point-play. Throughout this section the coach will work with the team on strategy, choosing the correct shot, and placement of the ball.

Overall this is an amazing way to master your doubles strategy and tennis techniques within in a realistic, fun, point-play format.

After the game of Round Robin participants relax by the pro shop and enjoy freshly brewed coffee and donuts.

PICKLEBALL INFORMATION

Mixed Round Robin

FITNESS INFORMATION

Power Hour: (ADVANCED)

Come join us for a wide variety of strength training exercises that will shape and define your entire body. Our exercises will work multiple muscle groups that will burn the maximum amount of calories while increasing your strength and stamina. Please bring your mat, towel and water bottle.

Strength and Tone

This is a non-intimidating strength building class that offers a variety of exercises to promote muscle conditioning and core strength. If you have been considering getting back into the gym, this is a great place to start! You will control your own intensity according to how much weight you choose to use. Get ready to get toned. Bring your water bottle, towel and a smile.

Yoga

Renew, relax, and restore. Increase strength, flexibility, postural alignment, range of motion and circulation. This healing art form helps improve joint flexibility, balance and muscular endurance. Using movement postures and breathing you can gradually release physical, mental and emotional tension and improve your ability to manage stress all while you become stronger and more at ease.

Aqua Fitness

A great, low impact workout perfect for all levels. Have fun exercising while moving to the beat with a variety of moves to burn those calories, get the heart pumping and strengthen your muscles. Water shoes are optional. Bring your noodle, towel and water bottle.

Barre

This ballet inspired class corners the market for lean sculpted legs and core stability. We work on centering the hips, challenging your balance, strength and stability, while moving the body in multiple planes of motion. Barre is traditionally a barefoot class or if preferred using socks with grips is an option. Please bring a mat, a towel and your water bottle.

Foam Rolling/Mastering Mobility

This class is designed to help your body function as optimally as possible, incorporating different stretching, movements and massage techniques to help increase your joints range of motion. Beginner class is great for those pre/post orthopedic surgeries and the advanced is great for anyone looking to improve their golf/tennis game or just move a little better.

Spin

High energy indoor cycling class led by a motivating instructor and accompanied by the instructor's unique playlist of powerful and energizing music. Spinning is challenging, fun, and one of the best ways to improve cardiovascular fitness while burning lots of calories. Because Spinning is low impact it is suitable for most people, and our classes can accommodate all ability levels.

Mat Pilates

This class focusing on developing core strength, flexibility, balance and stamina. You will learn to be aware of breathing patterns and spinal alignment while engaging the deep muscles of the core. All levels are welcome. Bring your mat, towel and water bottle.

Box & Sculpt

This fat-blasting, ab-defining cardio workout is a mix of upper and lower body kickboxing choreography taught in the "add on style" which will challenge the advanced participant while accommodating the beginner. Segments of toning are interspersed to complete a total body interval workout set to heart pounding dance music that will have you looking forward to your next class!

Spin & Strength

This multi-level spin class is a 2 for 1 powerhouse workout, coupling cardiovascular endurance with muscular strength both on and off the bike. This workout uses fun music to separate your intervals incorporating a mix of full body movements off the bike between cardio intervals on the bike. Please arrive 10 minutes early for proper bike set up. Bring your water bottle and towel.

Total Body Toning

A super fun, low-impact and safe way to change your body shape, burn immense calories and tone up the 'essential' muscles together with Pilates and Yoga stretches to feel-good music.

Zumba

A fusion of Latin and International music / dance themes that creates a dynamic and exciting workout based on the principle that a workout should be "FUN AND EASY TO DO." The routines feature aerobic/fitness interval training with a combination of fast and slow rhythms that tone and sculpt the body.

Circuit Training

Circuit Training is a fun workout involving moving from one station to another in set periods of time. This workout is geared for all ability levels incorporating strength and cardio. Cardio/Strength work can include Step, TRX bands, physioballs, bands, mat exercises, body weight exercise, and more.

Spin & Yoga

The yoga-spin hybrid is perfect for the busy-bee fitness enthusiast who gets bored after 45 minutes in the saddle or 90 minutes on the yoga mat. You get the calories burning effects from the spin portion, and after your muscles are primed for a deeper stretch with the yoga poses. No need to be an expert at yoga or spin to enjoy this hybrid class!

Cardio Circuit

This class is a high volume (reps), low resistance (weight) workout with short rest intervals and is geared primarily at improving muscle tone and definition, while improving cardiovascular fitness.

Spin Intervals & Core Strength

Get ready to blast fat and burn major calories in this non-stop, energy-packed, cross-training class! Incorporating short sprint intervals on the bike with intense core strengthening exercises this class will help you lose fat, increase cardio-aerobic capacity, target your abdominal area and increase core strength all in a single workout. BURN, BABY, BURN (calories, that is!). All-Levels.

TREVISO BAY FITNESS UPDATES

SUMMER IS ALMOST GONE AND FALL IS QUICKLY APPROACHING. CHANGE IS IN THE AIR!

I would like to take this opportunity to wish my assistant Fitness Director Paul Califano Congratulations on his new position as the Director of Fitness for the Vineyards Country Club. Paul has been with Treviso Bay for two years and we will be sad to see him move on. He has been a true asset to the fitness department and has done amazing work with his personal training clients. We wish him well and thank him for his hard work and expertise during his time here at Treviso Bay!

With that being said, I am actively seeking a replacement for a new assistant director. I have conducted several interviews and I am very encouraged by the quality of the applicants. I have narrowed the search down to 3 potential candidates. I will be requesting that the candidates perform a mock session with an existing client as well as demonstrate their ability to teach group fitness classes before making a final decision. I take the interview process very seriously to ensure that we choose the best candidate to serve in our Fitness and Aerobics department. My goal is to hire a new assistant fitness director by 9/10/18. It is a top priority to not allow any extra time to lapse with Paul's existing clients training sessions. To those community members who have trained with Paul, I promise to bring to TB the best the industry has to offer to fill this position and to keep your ongoing fitness goals on track for success!

I am looking forward to this next season and the return of our friends and family that leave Naples to escape the hot summer months!

Warm regards,

Kim Williams
Director of Fitness

HOW TO AUTHORIZE YOUR GUESTS FOR GATE ACCESS

Treviso Bay

How to authorize your guests for gate access

1. **INTERNET (the easiest and preferred method)**
   a. Use your computer…or your apple/android device to download gateaccess.net from your devices app store (its free!)..and it will remember your login information so you won't have to enter it each time.
   b. Go to gateaccess.net
   c. Select community code **TRVB** from the drop down list
   d. Enter your user name and password
      - USERNAME – your 10 digit primary phone number (no spaces) unless you changed it
      - PASSWORD – your security code (PIN) which is the same as when using the VOICE MESSAGE option…unless you have changed it
   e. Click login
   f. Click on guest list tab
      - Please "scrub" your list by deleting old entries that no longer apply
      - Add your visitors name.. along with the beginning and end of their visit; leave the end date blank for 'permanent guests'
      - BE SURE TO CLICK UPDATE on the right at the bottom of the list
2. **VOICE MESSAGE (DIAL 239-300-4266)**
   a. Enter your security code (PIN) if asked
   b. Follow the prompts, DO NOT hang up until told to do so or your authorization will not be recorded. You can authorize a guest for..
      - Today (Press 1)
      - Tomorrow (Press 2)
      - Today AND tomorrow (Press 3)
      - ANY beginning and ending date you want (Press 4)
