## *Handicapped Flag Policy*

Yarmouth Golf Courses welcomes all players, including those who are disabled and require special accommodations. We offer “handicap flags” to be displayed on the golf cart which allows for additional flexibility on maneuvering the golf cart on the course.

Any card holder or guest who wishes to request a handicap flag will be required to fill out a one-time application (available at the Pro Shop Operations Desk) documenting the need for accommodation. Upon providing documentation, your name will be added to a list to eliminate the need to do so again on future visits.

- A valid handicapped placard issued by any state or
- Name of licensed physician with supporting documentation on physician’s letterhead including brief on diagnosis and expected duration of condition.

Team management has the right to allow the use of a handicapped flag to any person whom they believe needs special consideration. This is on a case by case basis and determined by management.

Management retains the right to limit cart use if it will negatively impact the golf course.

The handicapped golfer will be allowed to drive inside the “no cart” sign area but no closer than 30 feet of the green and/or teeing area. When the golfer has completed the hole, they must return to the “no cart” sign and exit to the cart path at 90 degrees. This designation **DOES NOT** allow the handicapped golfer to drive between the greens and tee boxes. Golf cart is required to remain on cart path on all Par 3’s. For further information, please contact course management.

**Chelsea Tee Time Information**  
**508-398-4112**

**[yarmouth.chelseareservations.com](http://yarmouth.chelseareservations.com)**

Bass River and Bayberry Hills utilize an automated Tee Time System. Tee times for annual fee players are calibrated using point system. A 30 day rolling history of play is maintained and tee time allocation is based on the teams play point average. Time and course requested are also weighted in the process. The time line is as follows:

- **REQUESTS:** 3 to 7 days prior to play you may enter a request. Your request is confirmed with a five digit number. *At this stage you only have a requested tee time.* Retain this number as it is needed to change, cancel or confirm the tee time after allocation.
- **TEE TIME:** Any time after 10 AM two days prior to play, call the system to obtain your allocated tee time.
- **OPEN TIME:** At 12:00 noon the day before play available tee times are released. Use the prompt, “*booking*” to secure next day reservation. In person requests will not be considered until 2:00 pm the day before play (this includes calling the pro shop)
- **SAME DAY:** The day of play call the pro shop for times or changes.
- **GUESTS:** In the event you have non-cardholder guests, duplicate your pin number. You will be expected to pay greens fees for any/all players booked in this manner.
- **NAME GREETING:** Prompt # 4 allows you to make or change your name greeting. As numbers get re-assigned you may have someone else’s greeting. Simply record over the greeting to customize the recording.

**Please note:**

Have **all** your teams pin numbers when using the system because duplicating your number indicates a guest. Make sure you cancel unused reservations as the extra points are assigned for no shows and will affect your ability to secure future times. You can view an alphabetical listing of assigned tee times on our web site.

**[golfyarmouthcapecod.com](http://golfyarmouthcapecod.com)**

**The integrity of this system is based on the honesty of the user. Accordingly, abuses of the system may result in suspension or revocation of privileges.**
