A Letter From Our Grounds Superintendent!

September is here and cooler weather is fast approaching. We are very happy with the Zoysia fairway conversion project. The best way I can put this is that 75% of the fairways are far better than expected, 20% are what we expected and 5% are behind what we were wanting. Overall this project has been very successful! We are still expecting around 20 to 25 more growing days for the zoysia this season. If you have not been out to play on the new fairways yet, please do! Our entire staff has worked extremely hard this summer and we all are very pleased with our results.

I would also like to thank the MGA for their support on funding the zoysia sod to finish the remaining tee boxes. We now have all zoysia tees and fairways!! These improvements will have long lasting cost savings for years to come. Remember, fall golf is a great time of the year to play and I hope to see you on the course. As always if anyone has any questions please contact me.
