

USGA Rules Govern All Play with the Following Exceptions:

- "Desert Rule:" Under penalty of one stroke, a player may take relief from the desert area by dropping the ball within two club lengths of the nearest point of grass relief, no nearer the hole. *(Unless otherwise stated in an official event's rule sheet)*
- All water hazards are considered and should be played as a Lateral Water Hazard. *(Unless otherwise stated in an official event's rule sheet)*
- Any sand areas that are enclosed by grass or grass and rock are considered hazards. *(You may not ground your club)*
- Any sand areas that border desert area or water are to be played as a waste area. *(You may ground your club and is not a hazard)*

Proper Etiquette:

- Proper golf attire is required at all times. Collared shirts for men, bermuda length shorts, no tank tops, cutoffs or denim is allowed. Soft spikes are preferred.
- For the enjoyment of your round and those behind you, please maintain your position with the group in front of you and do not worry about the group behind you.
- Golf cars must remain on the golf car's concrete path or turf areas at all times.
- The desert vegetation is very susceptible to damage. Please assist us in preserving the natural setting by being extremely careful when venturing into our desert areas.
- Please properly repair two ball marks on every green. *(Makes up for those that forget)*
- Please rake sand hazards *(waste areas are not to be raked)* and fill your tee and fairway divots with the sand/seed mixture.

Please remember: Your position on the golf course is related to the group in front of you and not the group behind you!

Additional Notes:

- Out of bounds are defined by white stakes or lines, perimeter walls, snow fence, and hay bales.
- Yardage markers on the sprinkler heads and yardage stones are measured to the center of the green.
- The GPS yardage provided on the golf car is an approximate measurement to pin location.
- Restrooms are located at or near the following locations:
Firecliff – 3 tee, 5, 9, 11, and 13 greens.
Mountain View – 3, 9, 13, and 16 greens.

As owners, the City of Palm Desert is proud that DesertWillow Golf Resort is irrigated with reclaimed water as part of a conservation effort. A special thanks to the Agua Caliente Band of Cahuilla Indians for allowing us to replicate the Indian Canyons.
