

Course and Facility Highlights

The Glen Club was designed by Tom Fazio and opened for play in the summer of 2001. The Club immediately was recognized as one of the best in the Chicagoland area and became a staple on the 'must-play' lists of golfers throughout the region. Mr. Fazio transformed the flat runways of the former Glenview Naval Air Station into a rolling parkland layout of dramatic elevation changes, meandering lakes and streams, and stunning vistas.
