"We have always been able to offer tour-quality golf instruction, but now we supplement our first-class instruction with tour-quality club fitting".

About The Cleveland Golf Tour Experience

TCGTE is the first of its kind for Cleveland/Srixon Golf and Bolingbrook Golf Club and brings all the capabilities of the Cleveland tour trailer to all amateur golfers. The new studio will feature an onsite Cleveland/Srixon staff member, certified in club fitting and building, who will be providing tour-grade club fitting sessions to anyone interested in properly fit equipment. All fitting sessions will use the state-of-the-art TrackMan computer system with the use of multiple shaft and club makeup options to ensure a perfect fit. Furthermore, all custom-fit equipment will be built onsite, the same day as the fitting session.

Fitting offerings will range from individual clubs up to complete bag fits and also include gap fitting and loft & lie adjustments. Gap fitting measures the precise carry distance for each club. All fitting packages will include a Cleveland Golf tour cap, a Cleveland Golf towel and a sleeve of custom fit Srixon golf balls. Fitting packages start at \$100 for a basic one-component fit and increase up to \$250 for a complete bag fit. Complete bag fits include driver, fairway metals/hybrids, irons and wedges. www.bolingbrookgolfclub.com/TCGTE
