

“Great Blue Oktoberfest”

Saturday - October 21st, 2017

HeronLakesGolf.com/Oktoberfest

STARTING TIME

Check-in from 7:45am-8:45am; Shotgun start at 9:00am

FORMAT & DETAILS

18-Hole, 2-Player Shamble on the Great Blue Golf Course. A **Shamble** combines elements from both a scramble and best-ball format. Both players hit a tee shot but the team will select the best-positioned ball to play each of their second shots. Each player will then continue to play their own ball until holed. The better score between the two partners will be taken as the “team score” on each hole.

ELIGIBILITY & HANDICAPS

Handicaps are not required as all players will be eligible for the overall Gross game. However, players are requested to submit their official USGA handicap (ex. GHIN number), if available. Players without an official handicap should submit their estimated average score or handicap. There will be **separate divisions for the Net game**, one for players with official handicaps and one for those without official handicaps. Remember, this is a FUN event and the primary focus is on the beer & sausage.

REGISTRATION & COSTS

Entry Fee - \$150 per team. Teams can register online at heronlakesgolf.com/Oktoberfest or submit this form, with payment, to the pro shop. Refunds are NOT available after the closing date of **October 14th, 2017**.

INCLUSIONS

18-Hole Green Fees, Cart Fees, Range Balls, Prize Fees, Beer Tastings, and Sausage Tastings for both players.

OPTIONAL PAYBALL GAME

Cost is **\$20 per team**, payable in CASH at check-in. Skins will be split 50/50 for gross and net scores. Gross skins will be over the entire field and net skins will be within divisions. Heron Lakes does NOT have an ATM on property so please plan accordingly.

Prizes will be awarded to the top overall Gross winners, as well as to the top Net winners in each division. The number of positions paid out and the value of prizes will be dependent on participation. Teams cannot win in both the gross and net competitions and will be paid out the higher valued prize.
