

It is our pleasure to officially welcome Alicia Bakken to the instruction team alongside Dan Sniffin starting April 2022. Alicia comes to Omni Interlocken after a long-time competitive career having played Division II collegiate golf as well as events in the LPGA Amateur Association. She has transitioned to her current status as a PGA Associate and is working on obtaining her PGA Class A certification. A Minnesota native who grew up around the game of golf, she has been around the game for more than 20 years. Her passion for the game drives her desire to help all types of golfers play their best while enjoying the game event more!

Alicia has already taught over 5,000 lessons in her career and is confident in helping students reach their goals. Each lesson is designed to work towards the student's goals, whether that be a career low round or keeping up with your friends on the course. Alicia utilizes video analysis, tailored drills, and will lay out a specific practice routine to help you get the most out of each lesson and practice session.

Contact Alicia at abakkengolf@gmail.com to schedule your introductory lesson.
