

Job Posting: 2nd Assistant Superintendent

Course: ArborLinks

Close date: Open until filled

ArborLinks is an exclusive, private-destination golf club located in Nebraska City, NE. We feature an 18 Hole **Arnold Palmer Signature** design which is recognized throughout the Midwest for its outstanding layout and pristine course conditions. We are the 1st course out of 7 to belong to the Dormie Network. Additionally, our ownership is committed to improving and investing in the Agronomy department and the club in general. A few examples of that are a new equipment package in 2023 and the addition of a short par 3 hole exclusive to cottage guests.

Requirements:

The 2nd Assistant Golf Course Superintendent will utilize exceptional organization and communication skills to learn and help plan, execute, and supervise daily maintenance operations. This position will work closely with the lead assistant and director of agronomy to develop skills and further their career.

Daily responsibilities include but not limited to:

- Scouting & course set up
- Staff training, supervision, and scheduling daily activities
- Chemical & fertilizer calibrations and applications
- Irrigation scheduling, operation, troubleshooting and repair
- Hand watering & syringing
- Ability to operate all equipment

Education:

- 2 or 4-year degree In Turf Management (or closely related field)
- Nebraska Pesticide Applicator's license or ability to obtain one within 90 days.

Experience:

- Golf course experience preferred but not mandatory.

Benefits:

- Opportunity to travel to other Dormie Network courses for tournament support, projects, and cultivation
- Health/Vision/Dental Insurance, 401K, PTO
- National & Local Association dues
- Uniforms and golfing privileges
