

Bayside Golf Club is a family built and family owned public golf course and with the help of Architects Dan Proctor and Dave Axeland who had a hand in designing such legends as Sand Hills Golf Club in Mullen, NE and the rebuild of famed Riviera Country Club in Los Angeles, CA.

Their family's goal was to design and build a layout that truly showcased how beautiful western Nebraska truly can be; with its rolling hills and views of Lake McConaughy. Taking a piece of land best suited to extreme sports, the team of Axland and Proctor turned a property awash in arroyos, ruts, bluffs and truly inhospitable, yet ruggedly beautiful grassland into the rough-and-tumble Bayside.

We are currently seeking an Assistant in Training (AIT) for the 2021 season. We are looking for a motivated individual with knowledge of golf course maintenance looking to seek more knowledge and progress further into the turf world. We will look to build on the skills you already have and gain a more throughout the season. You will work alongside and report to the superintendent on projects as well as given some project responsibilities including leading small crews of 2-3.
