

Job Title: Director of Agronomy

Location: The Players Club – Omaha, Nebraska

Company: Concert Golf Partners

About The Club:

The Players Club is a premier private golf facility located in Omaha, Nebraska, known for its 27-hole championship golf course designed by Arnold Palmer. The club provides an exceptional golf experience complemented by outstanding amenities and a vibrant membership community. As part of the Concert Golf Partners portfolio, The Players Club is supported by a network of professionals dedicated to operational excellence and continuous improvement.

Position Overview:

The Players Club is seeking an experienced, passionate, and hands-on Director of Agronomy to lead all aspects of golf course maintenance and turf management. The ideal candidate will have a strong agronomic background, exceptional leadership and communication skills, and a proven record of delivering championship-level playing conditions.

Key Responsibilities:

- Oversee and direct all golf course maintenance operations, including turf management, irrigation, equipment, and landscaping.
- Lead, train, and develop the agronomy team to ensure high performance, accountability, and safety.
- Develop and manage agronomic programs for optimum playing conditions year-round, balancing playability, aesthetics, and sustainability.
- Prepare and manage departmental budgets, capital projects, and equipment planning.
- Maintain detailed records of chemical use, fertilization, and irrigation programs in accordance with state and federal regulations.
- Collaborate with the General Manager, Golf Professional, and other department heads to ensure seamless coordination across all club operations.
- Participate in long-term planning, capital improvements, and strategic initiatives in alignment with Concert Golf Partners' operational standards.

Qualifications:

- 5–10 years of progressive experience in golf course management, with at least 3 years in a supervisory or head superintendent role.
- Degree or certificate in Agronomy, Turfgrass Science, or related field preferred.
- Current Nebraska pesticide license (or ability to obtain within 90 days).
- Deep understanding of cool-season turfgrass management, irrigation systems, and environmental best practices.
- Excellent communication, leadership, and organizational skills.
- Commitment to the highest standards of conditioning and member satisfaction.

Compensation & Benefits:

- Competitive salary commensurate with experience.
- Performance-based bonus potential.
- Comprehensive benefits package including health, dental, vision, and 401(k).
- Continuing education and professional development opportunities through Concert Golf Partners' national network.

How to Apply:

Interested candidates should submit a cover letter, resume, and professional references to Jeff Therrien, CGCS [*Jtherrien@concertgolfclubs.com*](mailto:Jtherrien@concertgolfclubs.com) with the subject line: *Director of Agronomy – The Players Club*. Accepting resumes until 3/01/2026.
