

Description

Shadow Ridge Country Club is looking for a “working” Superintendent with Midwest ties and experience maintaining bent grass in our Climate Zone to establish and maintain superior course conditions for the entirety of the golf season. Head Superintendent experience is preferred but not required. The ideal candidate must be hands on, hardworking and have an eye for detail.

The scope of responsibility for this position includes managing and maintaining the golf course, practice facilities, native areas, clubhouse grounds and landscaping, open spaces and the equipment used to maintain these areas. This position is also responsible for the development and implementation of all golf course maintenance programs and budgets as well as recruiting, hiring and thoroughly training personnel.

Job Requirements:

- Establish and maintain firm, fast bent grass putting surfaces and greens surrounds
- Establish and maintain well-conditioned tees and fairways
- Establish tightly maintained bluegrass rough at less than 3 inches
- Establish and maintain native grass areas that border course
- Maintain recent bunker design improvements and new bunker sand
- Maintain quality practice facility conditions throughout season with an emphasis on driving range tees
- Oversee shoulder season aerification and preventative applications
- Understanding of and willingness to master our irrigation system
- Ability to oversee quality irrigation repairs in house
- Eye for detail and ability to complete small projects from start to finish
- An understanding of the game of golf as it translates to the playability of the course
- Ability to establish and work within a course maintenance department budget
- Select, purchase and prepare proper fertilizers and chemicals for course application
- Maintain a pristine, organized maintenance facility along with clean, well maintained equipment
- Keep accurate records and detailed logs of practices, chemical applications and other pertinent information
- Establishes short and long-range maintenance and improvement plans for the golf course
- Maintain course water features
- Implement and enforce comprehensive safety programs for employees, members, and guests on course in compliance with local, state and federal laws
- Communicate as necessary with Ownership, General Manager and Director of Golf to discuss conditions of facilities, maintenance plans, scheduled events and the number of rounds played
- Conducts other appropriate tasks assigned by the General Manager
- Attend staff and management meetings
- Offseason equipment maintenance and snow removal

Experience / Education / Certification Requirements:

- Bachelor's Degree in Turfgrass Management
- Member of the Golf Course Superintendent Association of America (GCSAA)
- Holds a chemical applicator's license
- Head Superintendent Experience
- Previous work as an assistant to an experienced Golf Course Superintendent.

Physical Requirements

- Regularly exposed to “hands on” physical work in Midwest weather conditions
- Must be able to physically operate a variety of course maintenance equipment
- Able to meet and perform the physical requirements and to work effectively in an environment which is typical of this position alongside course maintenance team.
