

Assistant Golf Course Superintendent

Wolf Creek Golf Club
18695 S. Lackman Rd. Olathe, KS 66062

Educational Requirements:

2 or 4-year degree in Agronomy, Horticulture, Turf Management, or related field preferred but not required. A fast learner with other real-world experience will be considered

Experience Requirements:

2-3 years of golf course experience is desired, but the right person with a **great attitude, knowledge,** and a **desire to excel** and **have fun** will be considered. A knowledge of the game of golf is essential, but a scratch handicap is not required.

Special Requirements:

- **Great Attitude** and **Passion** for the job.
- A willingness to have fun and learn from mistakes.
- Time conscious.
- Knowledge of the game of golf.
- An understanding of the expectations of a private golf club.
- An eye for detail with a sense of urgency.
- Spanish speaking is a plus, but not mandatory. An understanding of the Hispanic culture is helpful.
- Three-day weekends every third week.

Salary: \$45-\$60,000 annually DOE

Benefits:

1. PTO (as per company policy)
2. Health, dental, vision (as per company policy)
3. Basic life and long-term disability
4. Uniforms: Shirts/hat provided; \$250 Golf Shop allowance (2023)
5. Meals: Provided Tuesday-Friday and weekends worked
6. Golf and Range privileges
7. Tournament gratuities (when available)
8. Holiday Bonus
9. Moving expenses (up to \$1000)

Date Available: Immediately. Please send resume by 02.01.2026 (Winter and spring graduates will be considered)

Comments Concerning Club. Course, Company: Wolf Creek is an exclusive, private 18-hole golf club that is seeking an Assistant Golf Course Superintendent. The club is regionally recognized as a “players club” and is proud of its many accomplished amateur golfers and six current members of the PGA Tour/Champions Tour along with several players on the Korn Ferry and Latin America tours. We are a true golf club – there is no pool or tennis courts at Wolf Creek. Our focus is on providing our members the absolute best conditions in an atmosphere that keeps them engaged. An “outside-the-box” thinker will excel here – there are no tee times so we must be ready for anything at any time.

This position will work closely with the Director of Agronomy, Superintendent, and other Assistants. They will be given as much latitude as possible to make our course awesome! Passion, Attitude, Work Ethic, and Time Management are key attributes we are looking for.

Responsibilities include:

- Fertilizer and plant protectant application management
- Training and supervision of application specialists
- Inventory management/tracking
- Record keeping
- Application equipment management
- GPS mapping and set-up
- Daily moisture management

Playing surfaces consist of:

- A4 Bentgrass greens/approaches
- ‘Meyer’ zoysiagrass tees/fairways
- Kentucky Bluegrass/Turf Type Fescue roughs

Budget – competitive with high end clubs in our market (\$2.5 million +)

Future Projects include: Final grow-in of new driving range and short game facility, creek bank repairs, tee construction and renovation, and irrigation installation among other smaller, in-house opportunities

We have a fun and engaging crew in place that will keep you on your toes. Please feel free to call or email with any questions that you may have. Résumé via email is preferred.

Bill Irving, Director of Agronomy
