

COVID-19: Declaration of Health and Operational Compliance

All members and/or guests must complete and submit this form (the "Declaration") to the North York Winter Tennis Club (the "Club") before being permitted access to the Club grounds or premises.

The Club requires your cooperation to enable it to open for play during the pandemic. As players, we are accustomed to observing the etiquette and rules of tennis. With the COVID-19 global pandemic, we all must commit to strictly observing some additional rules and procedures, given the personal health implications we all face from this extremely contagious virus.

The resumption and continuation of play at the Club will rely upon the assurances that all members make in this Declaration. This is essential for the safety of the Club, our members, and our staff. Accordingly, any false statements made in this declaration or any failure on your part to honour your commitment to comply strictly with our rules for COVID-19 tennis will result in you being required to leave the Club's property immediately. Additionally, you may be subject to further disciplinary measures and, in some circumstances, you may be exposed to legal liability.

As always, each member must fully abide by all rules and regulations prescribed by the Club from time to time.

The COVID-19 Coronavirus disease (the "Virus") may be transmitted by asymptomatic people and, accordingly, no measures taken by the Club and none of the statements required in this declaration can provide certainty that the Virus will not be transmitted.

Although the Club is taking prudent steps to impose and enforce appropriate protocols to keep our members safe, there can be no assurance that the Virus will not be contracted by members and guests who attend on our premises. That is a risk that you must assess for yourself and your family: if you choose to play, you are assuming the risk of contracting the Virus and of then transmitting it to others.

By completing and submitting this Declaration, you acknowledge and confirm that you are voluntarily assuming all risks of contracting the Virus and of then transmitting it to others.
