preheat oven to 350

32 oz. Heavy Cream 12 egg yolk 6 oz sugar 1
vanilla bean, split or 1 oz. vanilla extract sugar
for dusting the top of finished custard.

In a standing mixer whip egg yolks and sugar
on medium high speed while the mixer is run-
ning, bring the cream and the vanilla bean to a
boil (if using extract wait to the end to add)
watch the cream to prevent a boil over.

When the cream rises, take off the heat and turn
down the mixer to slowest speed. (pull out the
vanilla bean) slowly add the cream to the egg
mixture. If using extract add now after the
cream.

Portion 5 oz. into oven safe bowls and place in
a 13X9 Pyrex dish with high sides put in oven
then fill the Pyrex dish with warm water,
making a water bath for the bowls. Bake 20
minutes rotate and bake another 10 to 15 min-
utes till the custard jiggles like jello.

CAUTION HOT. Take the bowls out of the
water bath and cool a few hours in the
refrigerator on a cookie sheet. When ready to
serve, top with white sugar and torch the top to
make the crust. You can use the broiler in the
oven to melt the sugar but rotate and watch

Bentwood Tennis 2016 Junior Lesson Programming

Participants can expect to learn basic stroke mechanics, coordination skills, keeping score, match-play, etc. This group teaches the FUNdamentals while keeping the kids entertained with fun and games. Groups are structured by the ball type/court size, red ball, orange ball and green dot ball to coincide with the USTA Quickstart program. This better develops the players and during the groups they will be asked at time to be mentors to the younger players and get the opportunity to be challenged by the older players/ball type.
