Turf Talk

Inclement weather and cold temperatures have been the norm so far this winter. Rain and snow have been a recurring theme with sporadic course closures due to snow cover. Fortunately we were able to do a significant amount of tree and brush trimming on the course between snow events.

The stream bank in front of the cannon tee on #18 has been cleared and the tee is now in use. Native area clearing on hole 14 is completed, resulting in an unobstructed view of the entire greens complex.

Refurbishment of course amenities continues. Our goal is to finish work on tee markers, ball washers, trash cans, water cooler stations and entrance signage in the next few weeks. Tree removal on various holes will take place when we can access the course after snow melt.

The maintenance shop and compound areas are also being spruced up via interior painting and the removal of used equipment. Hopefully our weather trends will improve soon, so we can see you back on the course!
