Range Closing

The Driving Range will close on Wednesdays at 5:00pm till Thursday 12 noon for maintenance and clean up.

Member Support Appreciated

We would like to express our sincere appreciation to our members for their support and patience over the last few months. It has been an extremely active Spring outing season. We understand these events may utilize the same tee times needed for member play and we will continue to do our best to manage the tee sheet so you can play as often as possible. The revenue generated from these events helps support the membership by keeping the dues affordable and the golf course in great shape.

Member Guest Flyer:

Member Guest this year will be on **September 13-15** With a practice round and social on September 13th Sponsor forms are available on line, in the foyer or for the asking. Remember any member that gets \$600 in sponsorships, will get their entry fee for them and their guest waived. If you have any questions about Member Guest, call Jamie or Cindi in the clubhouse. We are only a few months away!

No Fishing!

While we understand the ponds are very attractive to those that like to fish, it is very dangerous to fish on a golf course. No Fishing is allowed and if you see anyone fishing, please report it to the Pro Shop. The Golf Course, Lee's Hill, accepts no liability to those that get injured while fishing on the golf course.

Glowball

Mark your calendars; Glowball is scheduled for Friday, October 25th. This event does max out and it is important to sign up early.

TURF TALK

Summer weather has arrived, and a more “normal” weather pattern has emerged. Rainfall rates are down, and temperatures are closer to average as compared to last season. We have taken full advantage of our beneficial growing weather by optimizing our turf care programs for maximum sustained growth. On greens we continue to fertilize, vent and apply plant protection products that will help the turf survive our rigorous summer weather. Thin areas are being plugged and sanded to help facilitate stolon growth and aid in full recovery.

We thank you for your patience as we continue to irrigate greens in the afternoon in order to lower surface temperatures and help to alleviate stress. Fairways and tees have all been aerated and fertilized to help promote healthier turf. A growth regulator has been applied to promote lateral, rather than vertical plant growth. It also reduces clipping yield and improves turf density. Roughs will be aerated this month and weed control products applied to alleviate weed pressures.

We look forward to seeing you on the course this summer.

John Burns, Superintendent

Speed Limit 25 mph

Attention all guests, employees and visitors of Lees Hill. Golf Club, please adhere to the **25mph speed limit on Old Dominion Pkwy.**

90 Degree Cart Rule: Important (please read)

At this time of the year, it is extremely important to enter the fairways at 90 degrees to the ball from the path in order to help not wear out the turf at the beginning of each fairway once leaving the tee box. Your help and attention to this matter is most appreciated.
