Golf Course Update:

We realize there have been a lot of rumors out there recently about selling and developing Lee’s Hill Golf Club.

The golf course was put on the market back in January of this year. After receiving and reviewing several offers we have decided to keep the golf course and remove it from the market. In fact, we are currently pursuing a conservation easement for the entire golf course to assure that Lee’s Hill Golf Club will remain a golf course forever. We hope that this information clarifies the status of the golf course and it will help to put any rumors to bed.

Last but not least, we appreciate your constant support and look forward to some more favorable weather this fall.

Sincerely,
 Jamie & Joe

September & October

We would like to encourage you to review the enclosed calendar, review the on line calendar and become familiar with the events that are taking place in the busiest part of the season, September & October. As we move into these months, not only are golf outings taking place but groups from all parts of the country are coming to our wonderful area. If the date and time you want to play is not available, we encourage you to contact us directly. We would be glad to contact one of our neighboring golf courses and do our best to see what they have available for you. We are monitoring the tee sheet very closely and free up tee times as the information becomes available to us.

SPCA/Rescue Shelter Donation Bin

One can at a time

Let's each just pick up one can of cat or dog food and put it into the bin in the Grill Room.

Many other items you have around your home that can be used: Newspapers, Old or new clean blankets, old towels, dog & kitty dishes, bottle of bleach or a roll of paper towels. So far this year we have donated over 500 lbs of dry dog food, numerous blankets, towels, leashes and dishes and newspapers, along with many cases of moist cat food, kitty toys and kitty accessories. Thank you everyone and let's remember our furry homeless friends in the upcoming holiday season.

TURF TALK

As Summer comes to a close we have been busy repairing winter kill areas on Fairways and Tees. To facilitate the remainder of the recovery effort we have been aerating these areas and applying fertilizer to help them grow in. We have also sprigged the driving range tee and will continue to add more sprigs as needed throughout the golf course to fill in any remaining bare areas. In addition a growth regulator has been applied to fairways and tees. This material promotes lateral growth and will help to promote shoot density. It also aids in clipping reduction and lessens upright turf growth

The putting greens were also treated with growth regulator to promote density. As has been noted in previous articles, winter kill has been severe throughout our region due to the extreme cold and dry weather experienced last season. As we continue to recover from the damage we will raise the height of fairways and tees as we move into the fall season. This increase in height allows the plant to better withstand winter's harsh conditions. A potassium based fertilizer application will be applied to further strengthen the plant as we move into cooler weather. Weed spraying continues in the roughs and surrounds to eliminate goose and crabgrass. Putting greens will be aerated and bare areas seeded and top-dressed as soon as possible. A granular fertilizer will be applied as the weather cools to help facilitate a more rapid recovery.

We have been on a fairly aggressive spray schedule that has yielded positive results as we deal with fungi and insect issues. Bunker edging was completed on 8.17 and detail work continues throughout the course.

Thank you for repairing ball marks and adhering to the 90 degree rule when in effect. We are looking forward to seeing you on the course!

Thanks for your continued support, John Burns GCS

Vandalism at the Golf Course

We wanted to share some news with our members. Two persons have been located and charged with attempted breaking and entering. This event took place a few months ago. Thank you to the extraordinary efforts of our local law enforcement in bringing these criminals to justice.
