**Local Animal Rescue in Fredericksburg**

**SFC Virginia is a foster-based animal rescue group** in Fredericksburg, VA. Founded in June 2019 with a focus on saving dogs and cats from high-kill shelters in the state, we strive to provide quality medical care including vaccinations and spay/neuter surgeries, and to find permanent adoptive homes in our area.

*Things we are in need of are: (in new or good used condition) animal crates/carriers, child/pet gates, play pens, dog toys, dog food, cat food, cat litter, potty training pads, kitten and puppy formula, kitchen scales to weigh our fosters, digital thermometers, animal food bowls, flea and tick medicine, towels. Some animals are in need of Medical Attention this is where donations work wonders!*

**Any of these items can be brought to Lees Hill Golf Club. They will notify us and we will pick up.**

But most importantly we want to get these animals adopted. So **spreading the word about us**, visiting our webpage, facebook or Instagram and Sharing! Signing up to foster through our webpage or Adopting a new best friend are also great ways to help these animals.

**Visit our Website to learn more**

**Thank you everyone!**

**\*\*Take Care\*\***

**Fix ball marks, 90 degrees, Trash in cans  
Pick up used Tees**

**Please wear your face mask while in the clubhouse.**

The golf course will continue to strive for a safe environment for our golfers. As you may have noticed there are now clear dividers in most of the golf carts. We will be installing more dividers over the next couple of weeks. These dividers are there for everyone's added protection. We ask that everyone leave their divider intact. If your divider is damaged, please report this to the pro shop.

You can contact the club for any updates as we move forward through the pandemic. There are updates every day. You can check on tee times, outings, in house events and course conditions by calling 540-891-0111 or email John, Jamie or Cindi.

We Thank you for your continued support while we navigate these uncharted territories.

**TURF TALK**

Turf Talk August 2020

Tropical storm Isaias took care of our drought issue this summer by dumping 4 inches of rainfall on the course. Combined with the runoff from the neighborhood, the irrigation lake on hole #10 was filled overnight! It was amazing to see a five foot increase in the water level within a 24 hour period. This beneficial rainfall also greened the course up significantly.

Sufficient soil moisture is very important as we move into the fall. Proper hydration prior to turf dormancy, allows the plant to better cope with the stresses of winter weather. Projects on the course continue. Recently additional sand has been added to bunkers, a truckload of rock has been installed at the front of the clubhouse and additional areas on the course have been roped off to help facilitate growth in heavy traffic areas.

As we move into the cooler weather this fall, we look forward to seeing you often on the course!

Thanks for your continued support, John Burns GCS
