Please note that we do ask for *specific* brands of animal food. We want you to donate specific brands so that our loved animals do not become ill or uncomfortable by ingesting a diet consisting of different donated foods mixed together.

If you are *not* able to provide these specific brands, financial donations are always appreciated instead!

We want you to spend your donation money wisely on items that we need and use daily. Thank you for your desire to help the animals in our community!
