Cardio Tennis:

Cardio Tennis has arrived at the Powder Horn! Cardio Tennis is a new 60 minutes, fun, group activity featuring drills to give players of all abilities an ultimate, high-energy workout. Cardio Tennis includes a warm-up, cardio workout, and cool down phases. It's a healthy, new way to get in shape and burn calories.

Don't be afraid to try Cardio Tennis. The tennis balls and racquets are just for props to take your mind off the high-energy workout, so you do not have to be a tennis player to participate. Even if you miss a ball or two, it will not cost you a point. High intense music will be played to help you keep pace.

We suggest wearing a heart rate monitor or if you know how to "self check." Cardio Tennis gets a person's heart rate up, and it stays there for virtually the entire time.
