Greetings:

You are hereby ordered for induction into the Armed Forces of the United States Veterans' Month at Saddleback Golf Course at

NOV 2016

SADDLEBACK GOLF
8631 FRONTIER STREET
FIRESTONE, CO 80504

you will receive a draught beer for basically a song (please no singing) after your round. The price and draught will be a daily special that the bartender/management will determine and will be valid for the entire month of November, according to prophecy.

DRAUGHT PAPERS

We have no idea what the draught beer offer will be. It will, in all likelihood, be something that we are trying to finish off... the last couple beers at the end of a keg, perhaps some new craft beer that a vendor passed along to us, or maybe just a favorite of management that they want to pass along to you.

We really are grateful for your service to our country.

We gotta mention that this special is only available for veterans who fought for our side.

You knew that, right?

If you have no idea what a DD214 is, you might be a Veterinarian.

We don't have a special for you
