Photo/Video Permission Summary First Green Field Trip

Instructions:

- 1. Prior to the First Green field trip, send home the Photo/Video permission slip for parents/guardians to sign.
- 2. Fill out the form below, indicating which students returned a form, and which students either didn't return the form or parents withheld permission. Adult need to complete forms which should be included using this same form.
- 3. The school should keep the individual student and adult forms and provide this summary to First Green.
- 4. Sign the summary, scan and return to The First Green at <u>info@thefirstgreen.org</u>. Also give a copy of the summary to the golf course superintendent hosting your field trip.

List the students and put a check mark in the appropriate column for each student. Or, attach a roster and indicate by each name a check for "yes" and a "NO" for permission not granted. Use multiple sheets as necessary. Include adults on same form or use separate form if there are several adults on the field trip.
