“Forest Creek is one of a growing number of clubs offering cottages for members and their guests. Some also offer concierge and catering services, even doing grocery shopping and preparing gourmet meals during your stay...Through a member, (guests can) skip the usual hotel or resort experience, opting instead for a luxury cottage on the property, which boasts 37 holes designed by Tom Fazio...Each cottage at Forest Creek comes with a wide-screen media center, pool table, custom bar and card table. There are even lighted putting greens within a stone’s throw.”
