New Lights

Great news, we have now converted courts 8 and 9 to LED lighting! This has not only conserved electricity, but it has greatly improved playing at night. Previously we had converted courts 3, 4, and 5. We have plans to convert courts 2, 6, and 7 in the future.

We have now relocated it to the screened in porch located at the back of the tennis building. Please help us keep it safe. If you see anyone messing with the AED machine, please let Jack know ASAP!

Clay Courts

Just a friendly reminder to sweep and line the court when you are done playing so that the court can be in great shape for a fellow member that might be playing after you.
