Superintendent Renze Berg comments:

- ✓ Sanctuary aerification going on 3 weeks with a goal of opening end of September
- ✓ Course drains are being cleared in preparation of impending storm
- ✓ Provided overview on DryJect's process explaining it is not a cure all for greens but an opportunity to assist in keeping them healthier
- ✓ Made recommendation for all 27 holes and putting green to undergo this treatment
- ✓ Estimate cost $8,000 plus sand and 2 team members labor bringing estimate cost to $12,000
- ✓ Have requested $20,000 for special project in 2018 budget

Committee Discussions:

- ➢ Motion made to send DryJect recommendation to board
- ➢ Requested Superintendent review course marking for hazards and ground under repair
- ➢ Requested a cover be provided for sand bottles for the turn to keep rain from entering bottles
- ➢ Discussed condition of bunkers and consideration for Better Billy Bunkers – Superintendent will contact company to discuss cost of doing one for due-diligence purpose. Estimate cost for all course bunkers $548,000 however ROI is maintenance hours reduced, sand replacement cost reduced as sand will stay in bunker, no more fabric liner or pins, etc.
- ➢ Course has gone thru initial rerating process for men tees now women tees are being done
- ➢ Creation of combo score cards for all 3 nines is in process
- ➢ Approval from board has been given for #8 Estuary to become waste area
- ➢ Randy Clark and Mark Eisenberg gathered many alternatives for bridge repair/replacement which we will have to consider for future projects
