

Frostbite League Schedule

(subject to change & will be updated as we move through the season)

12/20-12/26: Individual Stroke Play/White Tees.

12/26-12/27: 3 Person CHA CHA CHA/White Tees. Count 1 best ball on the first hole, 2 balls on the second hole, & all 3 on the third hole & repeat every 3 holes.

12/27-1/2: Individual Stroke Play/Red Tees.

1/2-1/3: Individual Most Yardage Tourney/White Tee. Players will get a designated number of shots to play equal to 72 plus their handicap. The goal is to cover the most yardage possible with these strokes. If you get 90 shots and shoot 90 then your total is the total yardage from the white tees on the scorecard. If you end up in the middle of a hole just subtract your yardage from the pin to get your total for that hole & add it to the rest of the holes.

1/3-1/9: Individual Stroke Play/White Tees.

1/9: One Person Scramble (Bank Mode). This is an FBL Major. See separate entry for details.

1/10-1/16: Individual Stroke Play/Black Tees. Over 50 can play blues, over 60 can play whites, over 70 can play golds.

1/16-1/17: 3 Person Step-Aside Scramble/White Tees. All players tee off on every hole. For the rest of each hole whoever's shot is chosen must step aside on the following shot and not play so only 2 players are hitting each shot after the tee shot. 20% of combined handicap will be used for net scoring.

1/17-1/23: Individual Stroke Play/White Tees.

1/23-1/24: Individual Football Stableford/White Tees. Eagle=Touchdown (6 points), Birdie=Field Goal (3 points), Par=Safety (2 points), Bogey=Extra Point (1).

1/24-1/30: Individual Stroke Play/Gold Tees.

1/30-1/31: 2 Person Scramble with changing tee boxes. Teams will start on the white tees but will change tee boxes based on how they play each hole. Make a bogey or worse & move up a set of tees on the following holes. Make a birdie or better & move back a set of tees on the following hole. You keep playing whatever tees you are on if you keep making pars. There are 5 different tees (black, blue, white, gold, & red). Women start on Gold. Teams will get 20% of combined handicap for net scoring.
