

# **Frostbite League Upcoming Formats**

## **November 10<sup>th</sup> & 11<sup>th</sup>**

### **2 Person Best Ball Blind Draw**

Play will be from the white tees. Players will play their own ball for 18 holes. At the end of the day partners will be drawn at random. However, skins will be individual.

## **November 17<sup>th</sup> & 18<sup>th</sup>**

### **Individual Most Yardage Tourney**

Play will be from the white tees. Players will try to cover the most yardage possible with the amount of strokes they are given which will be 72 + their handicap. For example if a player is an 18 handicap from the white tees they will get 90 strokes. After the 90<sup>th</sup> stroke you must calculate the amount of yardage you have covered. This is easy if you have just completed a hole however if you are in the middle of a hole you must get your yardage to the flag & subtract that distance from the hole length to get your total yardage. Those competing for gross should do this at stroke 72 also.
