

The Mt. Juliet Middle School Band Program was started in the early 1970' s. Throughout the 1980' s & into the 1990' s MJMS had one of the best jazz band programs in the state of TN. Many students during that period were selected to perform in Mid-State Band (Middle TN' s annual concert band festival which is made up of Middle TN' s finest middle & high school musicians who earn placement through an extensive audition process) & received Superior Ratings at Solo & Ensemble Festivals.

The Mt. Juliet Middle School band is working hard toward new goals of excellent musicianship & camaraderie. With your contribution either golfing or being a sponsor, you will help our band program purchase new instruments, music, and supplies. The MJMS Band program is in need of new percussion equipment, new low woodwind and brass instruments, as well as music for all bands to prepare and perform. We are asking for YOUR help to raise these much needed funds! It is our hope & desire to watch the program grow over the next handful of years and beyond.
