Bunker Renovation

The bunker renovation project is going well. Our progress has not been as quick as projected but we are pleased with the results. We have finished 3 holes (#8, #9 and #18) and will work to finish #13 and #1 and be ready for the polymer on April 20.

The Better Billy Bunker Method

The method will involve removing all of the existing soil from each bunker and replacing and adding new drainage. A level of gravel is then spread over the bunker and a polymer will be applied to create a pliable, porous layer of glued gravel. The polymer must cure for 24 hours before new sand will be distributed throughout the bunker.

#8 prepped with new drainage and gravel

#9 prepped with new drainage

Closures

We will close one hole per day as our maintenance crew removes the existing soil and adds replaces and adds drainage. We will create an alternate par 3 on the back member's driving range and putting green during this time. The member's range will not be available for range activities while the alternate par 3 is being used.

Ground Under Repair

There will be a period of time while the crew works their way around the course excavating the selected bunkers and the time the contractor will arrive to spray the polymer. During this time the excavated bunkers will play as ground under repair.

*Decision 25/13 on page 387 of the 2014-2015 Decisions on the Rules of Golf Book:
Bunker Totally Under Repair*

Scoring

When a hole is closed golfers should always post par + handicap for the hole that is closed. The alternate hole (located on the member's tee and practice green) is played for competitive purposes but is not used when posting your score. If you have questions about par + handicap, please ask a member of the golf staff for assistance.

2015 Palmer Cup

The Palmer Cup is a year long points race for RiverTowne golf members that began back in 2010.

Inspired by the PGA Tour's FedEx Cup, the goal of the Palmer Cup is to encourage and reward participation in our tournament schedule. The emphasis for points earned throughout the season is strongly bias towards NET results, so golfers of all abilities are able to compete for points and prizes.

The top 20 players will earn entry into the Palmer Cup Tournament.
