

# LODGE WINE LIST

The Restaurant Management team was incredibly proud to earn the Wine Spectator Award of Excellence for our Wine List this year, achieving a goal we had set for ourselves more than a year ago. The achievement, however, only stood as motivation to bring our list to new heights—to take the next step and offer our guests and the city of Lincoln something truly remarkable. The process has only begun, but our list has already grown to over three - hundred bottles, and more importantly, the quality of the list has been remarkably improved.

Most recently, our focus has been given to old world wines, primarily from regions in France and Italy that needed better representation for a world class list. We invite you to take your time looking through the list, and encourage you to ask our staff if you have any questions or need any guidance. It is truly our pleasure to serve you.

We are also proud to announce that we have implemented a new wine preservation system that allows us to offer extremely high-quality wines that are usually only available by bottle, in one, three & five ounce pours. A typical bottle of wine lasts for only three-five days once opened before the oxidation process breaks it down. This system displaces oxygen in the bottle with argon gas, allowing the bottle to stay fresh for more than thirty days. Whether you'd like a small sample or a full glass, we invite you to try one of our reserve wines by the glass.
