Scott began his career with MicroLumen, where he was one of the founding shareholders. He was instrumental in starting and growing the business and was an absolute visionary, a motivator, a friend, and above all a believer in the MicroLumen culture built by the Roberds. In 1994, the family relocated the business to Tampa, FL, where Scott made it his mission to guide the business and the employees in much growth and success, including building a new state of the art facility in Oldsmar, FL. He considered that project, and MicroLumen as a whole, his baby. Scott had many hobbies and was passionate about them all. He loved music, especially the guitar, and even played in a pro-rock band with his brother, Mark. Scott

was known for his enormous heart and willingness to lend a helping hand. Scott will be remembered by all MicroLumen employees; and many, many cherished friends.

## JAN STEPHENSON, HOF LPGA PROFESSIONAL

Jan Stephenson's Crossroads Foundation  
Founder/Event Chairwoman

I have been blessed with the opportunity to travel the United States and the world in my golfing career. During these travels, I have come to deeply appreciate the extraordinary gift of freedom the United States Military provides to this great country and to the world.

Recognizing this, I felt compelled to create the Jan Stephenson's Crossroads Foundation with the express purpose of:

***"Giving to Those,  
That Have Given So Much"***

I am also very excited to announce that our foundation has just been recognized as a partner organization by the Military Order of the Purple Heart Service Foundation, we are indeed honored by this recognition.

So now, I am asking you...

Will you join me and my dedicated team in supporting those that protect our freedoms every day!

JAN STEPHENSON  
Event Chairwoman

Jan Stephenson's Crossroads Foundation is a 501c3 charitable organization that benefits Purple Heart, blind and disabled veterans and first responders.
