

Golf and the City continues to be a Success!

The **PRGA Ladies Program** and **Rio Bayamón Golf Course** hosted another fun night FORE Ladies Only! *Sasha Medina, Marilina Silén and Christine Beauchamp*, greeted many familiar faces as well as various newbies. Fun and excitement was enhanced by golfaritas galore and appetizer creations donated by **CHEZ DANIEL**.

After a review of the basic grip and posture, the ladies were swinging away and enjoying the thrills of a few great shots. They all received brief Individual attention by Sasha and some male spectator friends who volunteered with their help.

Swinging, chatting, and toasting with "*Pink Golfaritas*" was the order of the night. At the end, each and every one who attended experienced the fun side of golf.

The **PRGA's Golf and the City Program** will take a short summer recess and as you all spread the news about this program and enjoy your vacations, we will be planning and organizing many events and activities to come.
