

PRGA Promotes Golf at Carvin School

The PRGA presented an introduction of the basic of golf to the students that will be volunteering at the 2016 Puerto Rico Open at Coco Beach. The goal of this presentation was to teach participants the basic of the game. In the near future the PRGA and the Carvin School administration will team up to incorporate golf as part of the physical education curriculum. We look forward to growing and developing the game with important project like this one. Stay posted for further information.
