#	COMMENTS:	DATE
1	I'd rather not have our tennis courts marked up with lines for PB. Having courts specifically for PB would be ideal if it didn't mean an increase again in dues.	3/11/2022 7:30 AM
2	Members in our family do not play	3/10/2022 7:07 PM
3	As long as they are dedicated courts. Not painting lines on existing tennis courts.	3/10/2022 11:13 AM
4	I think it would be fun, but is not important. I would not want it to take away from tennis court time... but some outdoor pickle ball courts situated near a NEW pool would be fabulous! We have been members since 2004 and have been waiting and waiting for a pool tile refresh - just FYI.	3/10/2022 9:13 AM
5	Pickleball becomes more important as people lose Mobility.	3/10/2022 6:52 AM
6	But tennis would trump Ct availability	3/9/2022 9:19 PM
7	if available, it should NOT take away from the tennis courts	3/9/2022 7:49 PM
8	Let's remain a tennis club	3/9/2022 5:05 PM
9	It is already hard to get tennis courts and it is very noisy. I would only be in favour if separate	3/9/2022 5:01 PM

## Pickleball Interest Survey

	courts were established.	
10	Think we need to be open minded and continue to grow as a tennis club and to have another racket sport is a start	3/9/2022 2:28 PM
11	Not for me, thanks.	3/9/2022 12:50 PM
12	We just joined CPT (we're on the waitlist) as our son plays in the junior program. Adding pickleball would be such a fun addition for our whole family!	3/9/2022 12:50 PM
13	Pickle ball allows more members to play a racquet sport who find tennis too intimidating. For example you have a family membership because everyone plays tennis but you. Possibly you may find Pickleball an alternative way to use the club. It seems a little more social as well.	3/6/2022 10:05 AM
14	CPTC is a recognized club that is dedicated to TENNIS! Please stay focused. It is hard to imagine the experience of playing tennis along the side of noisy pickle balls.	3/5/2022 5:19 PM
15	Central Park mission statement is to be a top tier tennis club. It's already difficult to reserve courts. I don't want pickle ball taking courts.	3/5/2022 5:14 PM
16	Pickleball is growing in popularity and numerous members support our to club expansion to offer the sport.	3/3/2022 10:22 AM
17	never played	3/2/2022 1:49 PM
18	I don't play pickleball currently but open to adopting	3/1/2022 5:03 PM
19	It is not something we play, or are interested in. There is already such high demand for tennis courts, it would be a disservice to the purpose of the club (tennis) to further reduce court availability.	3/1/2022 12:58 PM
20	Central Park Tennis club is a great place for tennis enthusiasts. By bringing in other sports we are taking away tennis time for its members. if people were more interested in other sports they would have gone for other clubs in the area. please understand.	3/1/2022 11:38 AM
21	It is important to me to recognize the significant demand from membership and the potential for PB to add to the value of the club. The downside of PB on court 18 which has comparatively low utilization today seems quite limited. 16 players vs 4, very limited costs, easy ability to change back to 100% tennis if, after a year, PB is not highly used, etc.	3/1/2022 11:04 AM
22	CPTC is a TENNIS club. That's the reason my family and I became your members. Please don't turn your club into a pickle ball club.	2/28/2022 4:37 PM
23	The sport is obviously becoming more popular. While we are a tennis club, the sport attracts the same characteristics racket sports minded people- like us.	2/28/2022 1:13 PM
24	Concerned that it is already really hard to get court times, especially during popular times.	2/28/2022 12:41 PM
25	Pickle ball is a great addition to those who play tennis	2/26/2022 8:10 PM
26	I am a member and play pickleball, but understand the decision that Cptc want a to focus on tennis.	2/26/2022 10:11 AM
27	We have a pickleball court at our home so not real sure we would utilize courts at the club other than social events.	2/26/2022 9:10 AM
28	Pickleball is a fund sport, but not sure I would support dedicating one of our existing courts to this sport	2/26/2022 9:07 AM
29	The club should continue the focus on tennis as it is the legacy of the club.	2/25/2022 10:39 PM
30	It's a tennis club; not a pickleball club	2/25/2022 9:46 PM
31	I enjoy Pickleball as a complement to my tennis playing and would like to interact with more club members in a new way.	2/25/2022 9:27 PM
32	I'm starting to play more pickleball than tennis due to my age and aching knees. I'm paying to play at ETC.	2/25/2022 8:55 PM
33	I joined CP primarily for tennis, and that will not change despite any future pickle ball accommodations.	2/25/2022 7:46 PM

## Pickleball Interest Survey

34	If this affects the membership (by allowing non-members in) we are apposed to pickleball.	2/25/2022 6:40 PM
35	I play it at other clubs now so it would be nice if CP has it and i only have to go one place.	2/25/2022 4:13 PM
36	Long overdue	2/25/2022 3:17 PM
37	I've played a couple times and have enjoyed it. I'd play if it was available at CPTC, but it's not a must-have.	2/25/2022 3:04 PM
38	This is a tennis club. I like pickle ball ok but don't give up courts	2/25/2022 3:00 PM
39	Would love it!	2/25/2022 2:36 PM
40	We have been waiting for this.	2/25/2022 2:31 PM
41	No dual purpose courts with pickle ball stripes on tennis courts	2/25/2022 2:22 PM
42	I can see a desire for it but if it doesn't happen, I am still very happy with my activity options	2/25/2022 2:19 PM
43	I love pickle ball but wouldn't want tennis courts to be harder to book because people were booking pickle ball time. Also don't want to play tennis on a court next to pickle ball because it's much louder (both the ball and paddles and the people playing) please dont put pickle ball on the tennis courts.	2/25/2022 2:11 PM
44	Pickleball is available at most community centers while it is a challenge to find indoor tennis courts	2/25/2022 2:08 PM
45	I might play if friends want to, but I'm at CPTC for the tennis.	2/25/2022 1:57 PM
46	The tennis court availability is so tight .	2/25/2022 1:43 PM
47	I do not play but am eager to learn	2/25/2022 1:35 PM
48	Fun but not necessary from my perspective	2/25/2022 1:17 PM
49	Pickleball would be a nice amenity for the club. It is very popular and may even be something that keeps our older (or hurt) members around longer	2/25/2022 12:40 PM
50	Pickleball is the fastest growing sport. CP has an opportunity here to make a name for themselves if they provide indoor opportunities for play.	2/25/2022 12:39 PM
51	I love pickleball!	2/25/2022 12:39 PM
52	I joined Central Park to play tennis. It would be upsetting to me courts were taken away resulting in my not being able to play. I would not be opposed to adding pickle ball courts if it did not impact the number of tennis courts we have.	2/25/2022 12:29 PM
53		2/25/2022 12:13 PM
54	Please add pickleball to our club! I feel it would greatly enhance the club for its members. I currently play pickleball but must go to other facilities to play.	2/25/2022 11:57 AM
55	it too noisy, especially indoor, and does not meet the tennis regulation	2/25/2022 11:56 AM
56	When my tennis is perfected, I'll take up pickle ball ;-)	2/25/2022 11:55 AM
57	I have no interest in pickleball at this time.	2/25/2022 11:44 AM
58	Central Park is tennis club & no courts should be ruined by turning them into pickleball courts	2/25/2022 11:41 AM
59	Pickle ball is part of the life-cycle of a tennis player now. Many of us started with baseball, basketball, football, soccer, track and then went to tennis for a more moderate and more social sport. Pickle ball is a great way to stay active and social after tennis becomes feasible.	2/25/2022 11:32 AM

## Pickleball Interest Survey

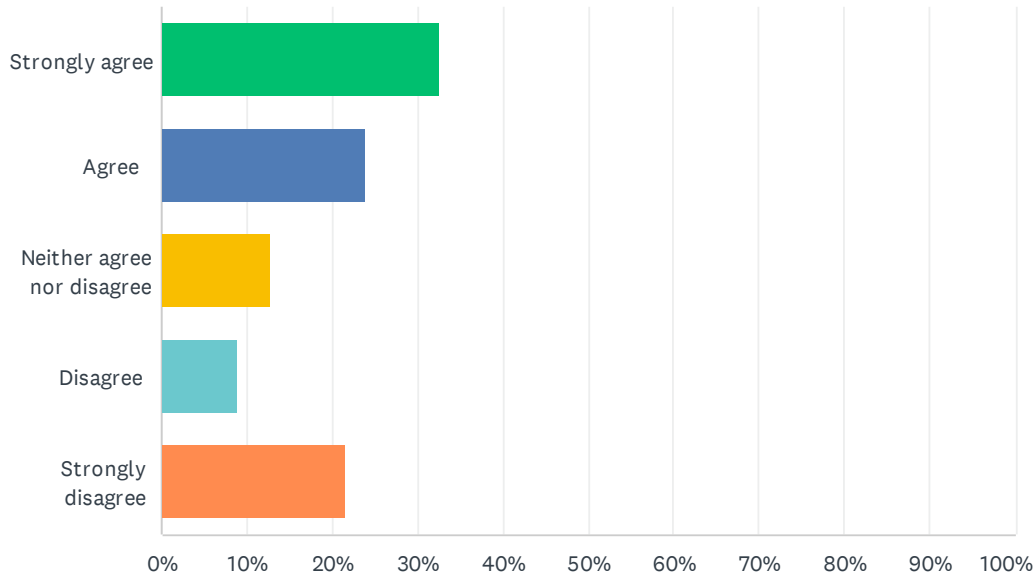

60	NO. PLEASE. Pickleball is taking over so many tennis courts all over the area. If people want to play pickleball, they should make their own facilities. CPTC is a TENNIS CLUB members joined CP to play tennis.	2/25/2022 11:29 AM
61	I would like for our focus to remain in Tennis - The pickleball trend may die off and will only hurt our tennis community	2/25/2022 11:26 AM
62	But I don't want to lose tennis courts so I don't know if it works	2/25/2022 11:23 AM
63	I think we'd be remiss to not think about the popularity of the sport and impact for the future of the club	2/25/2022 11:19 AM
64	Tennis court is a scarce resource at CPTC at this moment.	2/25/2022 11:19 AM
65	I would strongly agree for using outdoor courts for pickle ball. If it impacts The ability to secure a court for tennis indoor I would oppose.	2/25/2022 11:12 AM
66	I like pickleball and may play from time to time if it is offered and available but I would not want to have it at the expense of tennis court availability and certainly don't want any new lines or markings on current courts.	2/25/2022 11:04 AM
67	Pickleball has to have its own building. Since, it's so popular, pickle ball should be able to pay for itself. Tod	2/25/2022 11:04 AM
68	Don't think it's necessary to have. And think the obnoxious sound of pickleball should not be anywhere near the tennis courts	2/25/2022 11:00 AM
69	Expanding our facility to include pickleball would make membership at CPTC more attractive for little cost. Many of our members play pickleball, and there is so much demand that it is getting difficult to secure places to play. It would be great to have access to both tennis and pickleball at CPTC!	2/25/2022 10:54 AM
70	It is important to me that Central Park remain a premier Tennis Facility. I am not interested in degrading the tennis experience or subsidizing new facilities for Pickleball.	2/25/2022 10:47 AM
71	Welcome and long overdue!	2/25/2022 10:41 AM
72	Pickle ball is popular, but it is also destructive. CP is tennis club, and pickle ball can set up their own club. It is next to impossible to get a court at CP as it is for tennis, using some space for pickle would make club unusable and we would have to reassess our membership. I have to wake up at 6am only to book courts when my kid can play (>4pm on school day or weekend) and some times even that is not needed. In addition, pickle ball is very loud and it would not be possible to share building with that and tennis.	2/25/2022 10:40 AM
73	tennis is better	2/25/2022 10:35 AM
74	Please don't add Pickleball to central park. It is so very distracting for tennis players.	2/25/2022 10:34 AM
75	Fun!	2/25/2022 10:32 AM
76	I left my previous tennis club because of pickleball. In my experience, the sport is noisy , parking spaces will be an issue and players leave equipments on the courts.	2/25/2022 10:26 AM
77	Allow us to participate more in club activities with friends and family.	2/25/2022 10:25 AM
78	I am fine as long as it is not competing with the tennis courts.	2/25/2022 10:22 AM
79	It will increase social connection in the club and allow many of us who play often to play at our club.	2/25/2022 10:22 AM
80	If members want to play pickleball they should go to a dedicated facility.	2/25/2022 10:22 AM
81	While tennis is our strong preference, and I would hope to minimize any court availability cost of complete conversion to pickleball use, I would be in favor of any option that allows for both uses.	2/25/2022 10:20 AM
82	As I age and my joints are becoming more arthritic, I am less and less able to play tennis. Pickleball gives me another option for outdoor exercise that is easier for my joints.	2/25/2022 10:20 AM
83	it is the fastest growing sport in the country. older folks who can no longer play tennis would make much greater use of CPTC if Pickleball was available.	2/25/2022 10:18 AM

## Pickleball Interest Survey

84	I think it might be a nice option to have as my husband and I are getting older and a bit less mobile. But it's not a "must have".	2/25/2022 10:17 AM
85	I am 81 and my tennis days are just about over. Would love to migrate to the less strenuous game of PBall	2/25/2022 10:15 AM
86	Don't want it to the existing courts-we should build courts on the gravel parking lot.	2/25/2022 10:11 AM
87	This is a tennis club. Courts are already hard to get	2/25/2022 10:10 AM
88	it would be fun.	2/24/2022 2:19 PM

## Q2 I would participate in Pickleball socials, events or clinics if we had them at our Club.

1	No interest at this time	3/10/2022 7:07 PM
2	Social functions are needed in our community. Sounds like fun!	3/10/2022 9:13 AM
3	I am able, so choose tennis over pickleball, though new courts on extra property could be an addition!	3/10/2022 6:52 AM
4	maybe	3/9/2022 5:05 PM
5	Maybe. Again, I don't want it to get in the way of tennis, but pickleball is fun.	3/9/2022 5:01 PM
6	I have played and its a fun sport one that more can play. Would definitely play.	3/9/2022 2:28 PM
7	Maybe	3/9/2022 1:02 PM
8	Doubt I would.	3/9/2022 12:50 PM
9	Pickle ball is for dorks	3/9/2022 12:43 PM

## Pickleball Interest Survey

10	No. Pickle ball is so loud. Better to play it somewhere else that loud sounds are not an issue.	3/5/2022 5:19 PM
11	Not interested.	3/5/2022 5:14 PM
12	Absolutely!	3/1/2022 11:04 AM
13	I don't play it yet but seems inevitable.	3/1/2022 10:17 AM
14	socials and events possibly yes but would not attend clinics	2/26/2022 9:10 AM
15	I personally am not interested in pickleball.	2/26/2022 6:11 AM
16	It's a tennis club; not a pickleball club	2/25/2022 9:46 PM
17	At this time, I am not interested in expending additional funds to participate in pickle ball activities.	2/25/2022 7:46 PM
18	Central Park is a tennis club...	2/25/2022 6:40 PM
19	I aspire to one day but making time for tennis sometimes is hard enough!	2/25/2022 5:24 PM
20	I personally am not interested in pickleball.	2/25/2022 2:29 PM
21	Would this be a good move for CP from a financial standpoint ... what are the pros and cons for current members? Are there other tennis clubs in PNW adding pkball courts?	2/25/2022 2:08 PM
22	No, thanks	2/25/2022 1:43 PM
23	Certainly during the day! This would get me into the club as a wait list person because I will come to clinics	2/25/2022 1:35 PM
24	Occasionally	2/25/2022 1:17 PM
25	I have participated in one Pickleball social at WSC and it was super fun	2/25/2022 12:40 PM
26	very interested	2/25/2022 12:39 PM
27	The sounds the pickleball game makes is concerning and the sound tennis makes is more pleasing and less agitating and easier to hear and to watch and participate in.	2/25/2022 12:13 PM
28	If determined PB will live at CP, then I wouldn't shun it or the people participating in it, so possibly I would possibly be part of special events ... but would prefer to keep CP tennis only!	2/25/2022 12:12 PM
29	probably would only participate in socials/events	2/25/2022 11:47 AM
30	No, I have absolutely no interest in playing pickleball.	2/25/2022 11:29 AM
31	I would like for our focus to remain in Tennis - The pickleball trend may die off and will only hurt our tennis community	2/25/2022 11:26 AM
32	Not sure—I have never played it. So, perhaps I would take a pickle all introductory clinic before deciding.	2/25/2022 11:19 AM
33	It would absolutely be secondary to any tennis socials or events for me.	2/25/2022 11:12 AM
34	I have been quite active in teaching many CPTC tennis players to play pickleball.	2/25/2022 10:54 AM
35	Pickle ball enthusiasts can set up their own club	2/25/2022 10:40 AM
36	I would reserve time to play singles or dubs	2/25/2022 10:27 AM
37	Not sure. Never played.	2/25/2022 10:22 AM
38	I have already participated at WSC several times, it is do much fun!	2/25/2022 10:22 AM
39	We are a TENNIS club, where securing a court is already very difficult. I'm concerned that the pickleballers will take over once they get a toe in the door.	2/25/2022 10:22 AM
40	I would try it out.	2/25/2022 10:17 AM
41	weekends I hope	2/24/2022 2:19 PM

Q3 To gauge member interest, I would be in favor of temporarily painting lines on court 18 (outside court, furthest from club house) for Pickleball and Tennis, essentially creating a dual-use court. (The new lines would be in a color and shade that is as unobtrusive as possible and Pickleball would be scheduled on days and times during low tennis court utilization).

1	One court is a good start, but probably not enough.	3/10/2022 9:55 AM
2	Ok, Belcourt 18 is often chosen In The Heat Of Summer because of the shade and cool it offers.	3/10/2022 6:52 AM
3	Still confusing when playing tennis. Please don't use the tennis courts for pickle ball. Also very distracting playing next to pickle ball	3/9/2022 7:49 PM
4	It would also be helpful to have a mechanism to help pickleball players find one another. Player list, round robins, etc.	3/9/2022 7:20 PM
5	to gauge interest only...see answer to #5	3/9/2022 5:05 PM

## Pickleball Interest Survey

6	The noise would be awful, I think that people in the teaching building would even hear it. If CP adopted rules regarding reduced-noise balls and paddles, I would be less opposed, but still prefer dedicated courts away from the tennis. I played pickleball at Woodinville Athletic Club and found the lines to be very distracting but could live with that. In California there were 4 tennis courts and 2 pickleball courts adjacent. The noise was deafening.	3/9/2022 5:01 PM
7	We need to try! See how it does.	3/9/2022 2:28 PM
8	Adapting an existing outdoor tennis court for Pickleball makes economic sense as we gauge actual interest and usage.	3/9/2022 1:14 PM
9	In the summer season, it's already too hard to get an outdoor court on a day when it's not raining.	3/9/2022 12:50 PM
10	I recently played pickleball on an outdoor court in Crescent Bar (at a CPT member's house!)...it was painted for both tennis and pickleball and was terrific.	3/9/2022 12:50 PM
11	If pursuing Pickleball, this sounds like a reasonable approach, but would need to ensure the "scheduled on days and times during low tennis court utilization" as Pickleball is loud and can detract detract from the tennis playing experience on adjacent courts.	3/7/2022 10:51 PM
12	In the summer many courts go unused especially court 18. Why not? Court 18 seems to be used for lessons and juniors. I don't think the lines would make that big of an impact.	3/6/2022 10:05 AM
13	No. Please do not add additional lines to court 18.	3/5/2022 5:19 PM
14	I don't want more lines on tennis courts.	3/5/2022 5:14 PM
15	Don't want to lose courts, but 18 is okay. How will the neighbors react?	3/5/2022 2:35 PM
16	This should be an absolute minimum interim step to offer pickle ball. We should be planning the construction of committed pickleball courts. I also support offering play at any time not just limiting to low utilization times. Many other outdoor courts offer pickleball as well as tennis where we play at clubs in the desert (palm springs) and there had never been any contention over this.	3/3/2022 10:22 AM
17	If we have to have pickle ball, it would be best if it is not near the tennis courts. It is loud and distracting to tennis.	3/1/2022 6:16 PM
18	I believe this would reduce tennis court availability, as well as be a distraction on the court when matches are played outside.	3/1/2022 12:58 PM
19	I think to truly gauge interest in PB, the use of the court should not be limited to only the days and times of lowest utilization. Of course play will be limited if it is only available in the early mornings, for example. Self fulfilling.	3/1/2022 11:04 AM
20	Noise is greatly distracting to others playing tennis.	2/27/2022 10:57 AM
21	I would like to see some indoor courts	2/27/2022 8:23 AM
22	there would be too much noise from the pickle ball racquets to be so close to tennis players on the existing courts	2/26/2022 4:19 PM
23	We must get this going at the club. Whatever it takes.	2/26/2022 4:10 PM
24	I dislike playing on courts with multipurpose lines and dislike the sound of pickleball while trying to play tennis.	2/26/2022 2:06 PM
25	Pickleball lines ruin tennis courts . Also the noise from Pickleball is very distracting for tennis players	2/26/2022 1:55 PM
26	Pickleball lines ruin tennis courts	2/26/2022 10:19 AM
27	I'm not necessarily opposed to pickleball at CP but I think the noise would be too much. I know several legacy members that would resign if court 18 opens up for pickleball. Plus, it will take time away from the pros, making it even harder to book a tennis lesson or group clinic.	2/26/2022 6:11 AM
28	It's a tennis club; not a pickleball club	2/25/2022 9:46 PM
29	We have only a limited amount of time for outdoor play, and most of us joined because we want to play tennis. The noise from the pickle ball paddle is really loud and distracting.	2/25/2022 8:27 PM

## Pickleball Interest Survey

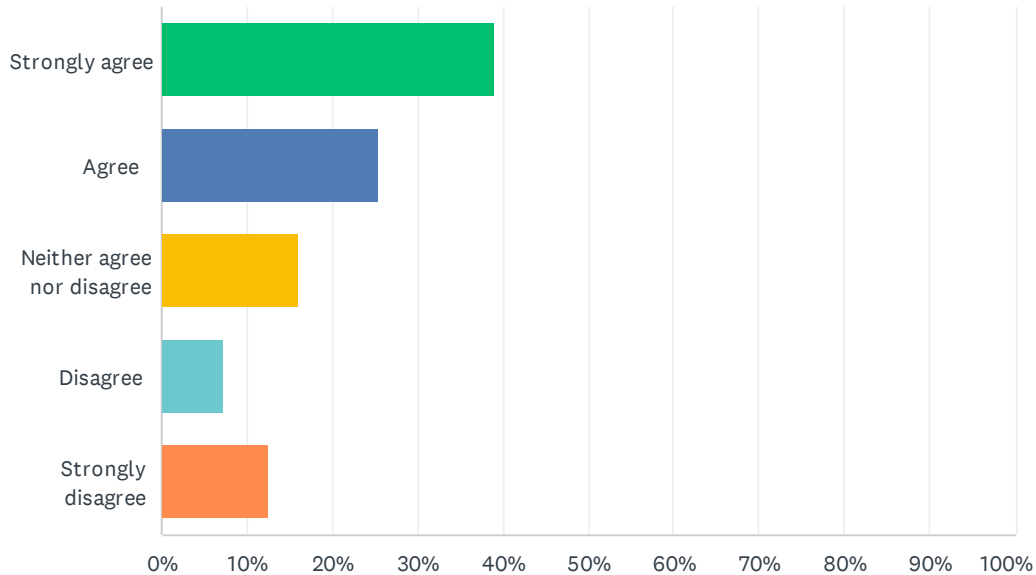

30	One court change seems fair, to gauge initial interest.	2/25/2022 7:46 PM
31	I do not like the idea of using a tennis court for pickle ball. I am in favor of new spaces are created for pickle ball but not if it decreases the amount of courts available for tennis	2/25/2022 4:38 PM
32	I am not against pickleball and would play it with others but i don't want it to take away regular tennis court space.	2/25/2022 4:02 PM
33	I'm not necessarily opposed to pickleball at CP but I think the noise would be too much. I know several legacy members that would resign if court 18 opens up for pickleball. Plus, it will take time away from the pros, making it even harder to book a tennis lesson or group clinic.	2/25/2022 2:29 PM
34	Please don't pickle ball lines on our tennis courts	2/25/2022 2:11 PM
35	I don't hate the idea if lots of people want this, but as pickleball becomes more popular generally, I would be opposed to creeping encroachment of tennis court space and times.	2/25/2022 1:57 PM
36	What about one indoor court #12 with the same criteria? In the rainy 10 months of the year you won't get a real idea of interest with only 1 outdoor court available.	2/25/2022 1:50 PM
37	Build the pickball courts	2/25/2022 1:43 PM
38	Yes, as long as it is temporary to gauge interest and decide whether we need to create dedicated courts.	2/25/2022 12:45 PM
39	I think Pickleball would be disruptive to tennis. A lot of people would be on the court at the same time. This, and the sound of the ball, can just create a lot of noise and distracting activity. I think it would be a better solution to build permanent Pickleball courts on the gravel lot.	2/25/2022 12:40 PM
40	Yes, strongly agree	2/25/2022 12:39 PM
41	Painting dual Lines on tennis courts is an extreme distraction for a tennis player.	2/25/2022 12:29 PM
42	Really concerned about changing the tennis atmosphere, sounds, equipment, lessons, tournaments etc. that would be involved.	2/25/2022 12:13 PM
43	Not to be a buzz kill on the topic, but I recently played a match on tennis courts somewhat adjacent to dedicated pickle ball courts, and it was a real eye opener to experience the sound of the pickle ball - I felt it was surprisingly intrusive.	2/25/2022 11:55 AM
44	Painting lines means that pickleball would be played on 18 thus significantly disrupting courts 16 & 17 for tennis play. Seasonal members' play would be adversely effected by this action. Effectively taking 16% of outdoor tennis play away is unacceptable.	2/25/2022 11:41 AM
45	Using court 18 for both tennis and pickleball would be ok as a test.	2/25/2022 11:40 AM
46	I would like for our focus to remain in Tennis - The pickleball trend may die off and will only hurt our tennis community	2/25/2022 11:26 AM
47	Perfect!	2/25/2022 11:12 AM
48		2/25/2022 11:04 AM
49	The sound of pickleball would be heard from every outside court. Only in favor of pickleball in any fashion, if a separate facility could be built on the west side of courts 1-4.	2/25/2022 11:00 AM
50	I would be in favor of allowing booking of the court in general for either use. Thus allowing knowledge of the interest to be used for pickleball instead of limiting any times.	2/25/2022 11:00 AM
51	Pickleball is extremely noise, I would not have it near the tennis courts but somewhere else.	2/25/2022 10:57 AM
52	We need to have one court or two outdoors and one indoors We are way behind Theses courts should be unrestricted You can schedule for tennis or pickleball You can paint two pickleball courts on one tennis court	2/25/2022 10:55 AM
53	See Q5 below...	2/25/2022 10:53 AM
54	Not during peak usage times	2/25/2022 10:47 AM
55	See comments above. This fits into the degradation of tennis experience and facilities.	2/25/2022 10:47 AM

## Pickleball Interest Survey

56	I don't play yet and why I think we should develop Pickleball here to see at least now at the expense of a tennis court.	2/25/2022 10:42 AM
57	Pickle ball is so loud that having pickle ball match would make it impossible to play tennis at any adjacent courts. If we are going to do this, might as well allow people to be on zoom meetings and yell on the court while others are playing.	2/25/2022 10:40 AM
58	Please don't do this - it is really distracting being on a court next to pickleball.	2/25/2022 10:34 AM
59	Been there, done that. Do not want to share a court with Pickleball folks.	2/25/2022 10:26 AM
60	Having one court for something new would almost certainly draw strong demand, not representative of overall member interest over a long period of time	2/25/2022 10:24 AM
61	Again, it's a toe in the door. It's a loud event and not compatible with tennis, even outdoors.	2/25/2022 10:22 AM
62	much like tennis, it is not possible to play Pickleball when it is raining or very cold. Just one outdoor court would not be very appealing.	2/25/2022 10:18 AM
63	Court 18 is used for lessons in the outdoor season. Would make it harder to get an outdoor court	2/25/2022 10:11 AM
64	We need to have one court or two outdoors and one indoors We are way behind Theses courts should be unrestricted You can schedule for tennis or pickleball You can paint two pickleball courts on one tennis court	2/25/2022 10:10 AM
65	too close top tennis. too much noise and too many people	2/24/2022 2:19 PM
66	Instead of nonintrusive, should be unobtrusive ?	2/24/2022 1:34 PM

## Q4 I would be in favor of building outdoor, dedicated, Pickleball courts on the gravel parking lot.

#	COMMENTS:	DATE
1	Depends on how it would affect our present dues.	3/11/2022 7:30 AM
2	The cost is not imposed on cost of tennis membership	3/10/2022 7:07 PM
3	This is a must or else the quality of our club is diminished.	3/10/2022 11:13 AM
4	New pickle ball courts and a new pool setting would be wonderful family engagement. I am in favor.	3/10/2022 9:13 AM
5	Need to see more info as to cost and design. Financing. Fundraising. etc.	3/10/2022 8:48 AM
6	Court fee to pay for pickle ball courts.	3/10/2022 6:52 AM
7	Not at this time. Let's take baby steps to start...	3/9/2022 7:20 PM
8	If many of the members are interested, this a logical next step and will not be close to the tennis courts.	3/9/2022 5:05 PM
9	This would be the best solution.	3/9/2022 5:01 PM

## Pickleball Interest Survey

10	If we have enough people that would utilize them.	3/9/2022 2:28 PM
11	I cannot answer this question in the abstract without knowing at least an outline of the details of such a project, including cost, location, number of courts, etc. But I would be open to the idea, at least.	3/9/2022 2:24 PM
12	More tennis courts please	3/9/2022 2:12 PM
13	I'm hesitant about building new outdoor courts dedicated to Pickleball. It's the Pacific Northwest. Maintenance will be required and the season is short.	3/9/2022 1:14 PM
14	We have too many tennis players to give up our courts permanently, so do it temporarily and then built pickleball courts too.	3/9/2022 12:57 PM
15	Some thoughts on this. I would not be willing to pay extra in dues of have a special assessment to build courts in a gravel parking lot. These courts will be very limited in use due to the weather constraints.	3/9/2022 12:50 PM
16	Yes. Build new. Don't subtract tennis courts.	3/9/2022 12:50 PM
17	Is the gravel lot needed for anything else? This seems like a great idea!	3/9/2022 12:50 PM
18	would want to see cost estimates and timeline but seems like a great idea for that prime unused area	3/9/2022 12:46 PM
19	I don't like the idea of the budget being used for this instead of other areas	3/9/2022 12:43 PM
20	The idea of building Pickleball courts on the gravel lot makes sense, if the interest is there. However, would be concerned about the cost of such a project. See additional comments below related to costs.	3/7/2022 10:51 PM
21	I think new pickleball courts is great use of the gravel parking lot.	3/7/2022 3:47 PM
22	With continuing discussions about a clubhouse renovation I'm not sure if that space would be needed in the future. If we keep the same footprint then it may be something to consider.	3/6/2022 10:05 AM
23	The club's mission is to be the best tennis club and promote tennis. The club has been successful so far by staying focused.	3/5/2022 5:19 PM
24	I don't want to spend money on pickle ball courts.	3/5/2022 5:14 PM
25	Generally in favor but depends on cost	3/5/2022 2:35 PM
26	See above	3/3/2022 10:22 AM
27	We need a new clubhouse not pickleball courts.	3/3/2022 7:31 AM
28	Huge leap here since there aren't courts yet to explore demand.	3/2/2022 1:49 PM
29	If we have to have pickle ball, it would be best if it is not near the tennis courts. It is loud and distracting to tennis.	3/1/2022 6:16 PM
30	To have dues diverted to a sport "trend" would be in opposition to what I believe that they are for—continuing to improve our tennis facilities. I am in strong opposition of using the gravel lot for this purpose.	3/1/2022 12:58 PM
31	This would depend on member interest and cost of pickleball courts as we will be spending substantial funds on resurfacing the outdoor courts.	3/1/2022 11:34 AM
32	I believe the gravel parking lot can be used for other recreational activities like basketball hoop as well.	3/1/2022 10:31 AM
33	I prefer saving the gravel lot area for development of clay or more likely Har-Tru courts.	3/1/2022 10:17 AM
34	It sounds stupid on the surface but brilliant if it works, and knowing this club of folks, if we decide to do it, it will work, and I think we have the space- the parking lot is seldom full.	2/28/2022 1:13 PM
35	Disagree only to the extent it would be in lieu of investing in more tennis courts there. More tennis courts is the higher priority for me but all things being equal having pickleball courts, if they do not decrease tennis court availability, is a plus.	2/28/2022 12:41 PM
36	I would much rather see any additional real estate go to additional indoor tennis courts if that is	2/27/2022 6:10 PM

## Pickleball Interest Survey

possible. Doing that would further distinguish Central Park as a premier destination for people focused on tennis. If additional tennis courts are impossible, then I have no problem with adding pickleball courts but ideally they could support tennis as well

37	There are better use for the gravel parking lot. Maybe an indoor swimming pool	2/27/2022 4:36 PM
38	Would love to have this and have it covered if possible so it could be used in the rain.	2/27/2022 9:58 AM
39	Not if it raises our monthly dues	2/27/2022 8:53 AM
40	Unless it would make our dues go up	2/26/2022 5:23 PM
41	This takes care of the noise issue since this would be quite a distance away from the tennis courts	2/26/2022 4:19 PM
42	A dedicated court would be my choice and would have more activity.	2/26/2022 4:10 PM
43	That would be a good addition to club.	2/26/2022 10:19 AM
44	Though outdoors, c/would there be a cover with lights for longer seasonal play? Or, as least a future plan to convert to indoors should there be enough interest.	2/26/2022 9:46 AM
45	Would need to see the plan and cost involved and overall club interest level in utilizing these courts before voting yes to this although I think that space should eventually be used for some time of growth for the club.	2/26/2022 9:10 AM
46	In my opinion this is the way to go. CP could attract many new members under a separate pickleball-only membership structure.	2/26/2022 6:11 AM
47	It would require to raise more capitals and increase membership fees when not all members would enjoy pickle ball.	2/25/2022 10:39 PM
48	It's a tennis club; not a pickleball club	2/25/2022 9:46 PM
49	I would only be in favor if they were well received and used by a significant portion of the club's membership. I assume that the cost would be modest in terms of monthly dues.	2/25/2022 9:27 PM
50	I'm in favor of building covered pickleball courts.	2/25/2022 8:55 PM
51	If pickleball courts must be built, build them as far away from the outdoor tennis courts as possible.	2/25/2022 8:27 PM
52	Strong opposition if construction raises proprietary member dues.	2/25/2022 7:46 PM
53	If this doesn't raise our dues and it doesn't dilute our tennis memberships.	2/25/2022 6:40 PM
54	I think this would be a great use of the graveled property!	2/25/2022 6:39 PM
55	I like to play tennis and pickleball. I find pickle ball helps with reflex volleys at net. Pickleball provides an option for members to transition their game to a smaller court.	2/25/2022 6:26 PM
56	Dependent on total costs, while could also be an opportunity to increase membership slightly to enhance club revenue, and assuming that this will free up some tennis courts.	2/25/2022 3:17 PM
57	Parking area is a pretty big space so would be good to use it for something, and pickleball could be a good way to do so. But ideally would want to evaluate based on cost , so possibly get an estimate of how much so that people can assess against any potential due increase.	2/25/2022 3:04 PM
58	I would be in favor of placing Pickleball courts well away from tennis courts.	2/25/2022 2:47 PM
59	In my opinion this is the way to go. CP could attract many new members under a separate pickleball-only membership structure.	2/25/2022 2:29 PM
60	Dependent on price and what the cost increase would be to my membership. I wouldn't want my membership price to increase to make it happen	2/25/2022 2:11 PM
61	Depends on the cost and if the club would recoup the expenses by adding a new Pickleball membership category. Its not a great investment to build any type of outdoor court in our rainy climate.	2/25/2022 2:08 PM
62	We are likely to have significant capital costs in the next several years, so this would be at the bottom of my list of priorities.	2/25/2022 1:57 PM

## Pickleball Interest Survey

63	I live near CP and the noise level from pickleball is too high for the neighborhood.	2/25/2022 1:45 PM
64	you can have a Kirkland pickball club , and enroll the new membership then use those money to build pickball courts in the gravel parking lot.please do not increase the membership fee for those who do not do pickball.	2/25/2022 1:43 PM
65	I don't know the real estate to know the best place.	2/25/2022 1:35 PM
66	Depends on cost and other long term project priorities	2/25/2022 1:17 PM
67	I prefer that financial resources be used for updating/enhancing our current space, such as additional restrooms and/or enlarging Women's locker room.	2/25/2022 1:11 PM
68	As a club, we are very lucky to own vacant land. Let's use some of it and build Pickleball courts.	2/25/2022 12:40 PM
69	We need to offer pickleball This would be a money maker for the club.	2/25/2022 12:39 PM
70	Determine level of sustained interest before committing capital.	2/25/2022 12:25 PM
71	It would be a possibility, but the school and neighbors would still hear the sounds and increased traffic and parking and pickleball supplies offered at the club etc.	2/25/2022 12:13 PM
72	Of course there are financial considerations I'd want to understand	2/25/2022 12:02 PM
73	Anybody ever discuss platform tennis? Not sure expense of those courts.	2/25/2022 11:55 AM
74	Locating PB courts on the gravel lot is the only solution allowing tennis to not be adversely effected while allowing PB players to get their request.	2/25/2022 11:41 AM
75	The gravel parking lot is too valuable a piece of real estate to use for anything besides tennis related activities.	2/25/2022 11:40 AM
76	Again, why should members who will never play pickleball pay dues that go towards a sport they are never going to play?	2/25/2022 11:29 AM
77	I wish I understood how much of that parking lot we need for events, but it seems like a good idea. Unless we had plans for more tennis courts	2/25/2022 11:23 AM
78	I love the idea of building them in the parking lot.I and utilizing the space without impacting tennis court availability. This would add value and potentially increase member involvement for those families where not all family members are active tennis players.	2/25/2022 11:19 AM
79	Great idea!	2/25/2022 11:12 AM
80	Only one court please. I wouldn't want it to detract from future options.	2/25/2022 11:09 AM
81	it's the only option , in my opinion, and only if approved by a majority of members.	2/25/2022 11:00 AM
82	I would like to see the data first before making any directional thoughts about it.	2/25/2022 11:00 AM
83	Cost benefit analysis should be done and voted on.	2/25/2022 10:55 AM
84	This would be the perfect solution and a great use of the space to meet growing demand	2/25/2022 10:54 AM
85	Would be supportive, pending cost assessments to club/membership	2/25/2022 10:53 AM
86	I would need to know the costs and if members would be asked to pay for construction	2/25/2022 10:47 AM
87	See above comments. I am not interested in paying for Pickleball activities.	2/25/2022 10:47 AM
88	Better idea.	2/25/2022 10:42 AM
89	Often that is the only place we can park. if that lot is taken, we will have to park on the street near the transfer station. That would not be a good option	2/25/2022 10:40 AM
90	If we have to add pickleball to central park, this is the only place where I would find it acceptable.	2/25/2022 10:34 AM
91	Make sure the extra parking is still available though in the gravel lot.	2/25/2022 10:32 AM
92	Depends on cost to members. Would rather spend the money renovating the clubhouse.	2/25/2022 10:28 AM
93	I would prefer that CP invest in updating the clubhouse and locker rooms before adding PB	2/25/2022 10:27 AM

## Pickleball Interest Survey

	courts.	
94	Make Central Park less desirable.	2/25/2022 10:26 AM
95	I'm not against pickleball courts in the parking lot but would not want to spend capital on them thus raising costs or diluting direction of capital or dues to tennis.	2/25/2022 10:24 AM
96	Do not want to pay more to something I do not use, at least at this point.	2/25/2022 10:22 AM
97	Fine, isolate the courts, but I don't want to pay for their construction. If it's so important, let the pickleballers pay.	2/25/2022 10:22 AM
98	Depending on cost	2/25/2022 10:19 AM
99	Would prefer at least some indoor courts too.	2/25/2022 10:18 AM
100	Don't know yet.	2/25/2022 10:17 AM
101	If 50% of membership agrees we should do it	2/25/2022 10:11 AM
102	I have really enjoyed learning and playing pickleball during COVID - mostly with my CPTC pals at local outdoor courts. It would be great to have the option at CPTC	2/25/2022 10:06 AM

## Q5 Any thoughts, ideas, comments, questions you would like to share?

Answered: 157   Skipped: 274

#	RESPONSES	DATE
1	I've been playing PB for over a year now, and find it much more social than tennis. I don't think it's a good idea to mix the two sports under the same roof. Better to have a separate location for PB.	3/11/2022 7:30 AM
2	It should not be played simultaneously as tennis schedules, they are quite loud as witnessed in other facilities	3/10/2022 7:07 PM
3	A separate location for pickleball is only logical. It would help the club grow in many additional memberships.	3/10/2022 11:13 AM
4	Adding pickleball courts broadens opportunities for aging seniors, like us, who wish to remain active in sports and continue to be involved with our Central Park community.	3/10/2022 9:55 AM
5	Are tennis courts get constant use and therefore I think it would be a bit of a shame to remove any for pickle ball.	3/10/2022 6:52 AM
6	I've played tennis where pickleball is allowed on a converted tennis court. It was loud and distracting, so the building of dedicated courts is appealing.	3/9/2022 5:05 PM
7	If CP adopted rules regarding reduced noise balls and paddles, I would be in favour.	3/9/2022 5:01 PM
8	N/A	3/9/2022 4:16 PM
9	No Pickleball at Central Park, please.	3/9/2022 3:55 PM
10	More tennis players are now playing pickleball. Also this would be great for kids who struggle with tennis to learn how to play pickleball. There's Junior pickleball tournaments now so this sport will continue to grow. We need more places to train in the PNW since when I compete in California, Utah, Arizona, and Nevada those players are at an advantage since they can play Year round. Let's help PNW competitors be competitive by having more places to train. Thank you.	3/9/2022 2:33 PM
11	Looking around the country, its a growing sport, we don't want to limit ourselves. If it doesn't impact our tennis players and offers options then its a great thing to consider.	3/9/2022 2:28 PM
12	When finalizing the committee's recommendations on this topic, these should include whether there are any membership implications (e.g., pickleball only memberships?).	3/9/2022 2:24 PM
13	It's harder to book a tennis court these days than before	3/9/2022 1:44 PM
14	We signed up for a tennis club, not a pickleball club. Central Park should be focused on tennis only.	3/9/2022 1:22 PM
15	The club should evolve to support pickleball and tennis programs.	3/9/2022 1:20 PM
16	Please let's not lose any court time for tennis players	3/9/2022 1:02 PM
17	I'd cheerfully pay an extra fee to get new pickleball courts built.	3/9/2022 12:50 PM
18	I think this would add a lot of value to your membership program. The pickleball courts in Kirkland are extremely popular and are often full.	3/9/2022 12:50 PM
19	Would the cost be absorbed by the full tennis membership? • I could not support the cost outlay if it needed to be absorbed by the full tennis membership at this time. This would not make sense since most members joined to play tennis and CPTC is unique in that it is a dedicated tennis/fitness/social club. • Concerned about expenses and funds already necessary for priority projects, i.e. repave outdoor tennis courts, pay-off Roberts building, and recently increased dues, etc. • Additionally, would involve increased facilities and maintenance costs managing players, reservations, and maintenance.	3/7/2022 10:51 PM

## Pickleball Interest Survey

20	Don't have my member # at hand	3/6/2022 11:52 AM
21	When I am down in Arizona visiting relatives I see open tennis courts and lines waiting for pickleball. Pickleball seems like it could be a way to keep the aging population at Central Park involved in the club longer	3/6/2022 10:05 AM
22	Enough clubs fall by diluting their focus and attempting to chase additional interest. I wish CPTC not to fall in that crack. There is not a tennis club as dedicated and successful as CPTC. Let's stay focus .	3/5/2022 5:19 PM
23	I don't want to dilute our focus on tennis.	3/5/2022 5:14 PM
24	Pickle ball is great but remember we're a tennis club. I wouldn't want to lose tennis capacity in favor of pickle ball.	3/5/2022 2:35 PM
25	Transform court 18 and see how it goes. If goes well, would be in favor of building more Courts, but not turning more tennis courts into pickleball courts	3/4/2022 10:25 PM
26	We should also have indoor offerings and perhaps courts 5-8 should include hybrid tennis/pickleball courts.	3/3/2022 10:22 AM
27	I joined a tennis club not a pickle ball club	3/3/2022 9:22 AM
28	New clubhouse add more tennis courts and pickleball if we still have room	3/3/2022 7:31 AM
29	I would like to make the pool longer with a bubble for winter.	3/2/2022 8:00 PM
30	Might there be an issue of noise complaints in the surrounding community? Pickleball is loud.	3/2/2022 1:49 PM
31	I have honestly never played pickle ball so I don't have strong feelings about it.	3/1/2022 8:32 PM
32	So glad we are finally going to have pickleball.	3/1/2022 6:49 PM
33	While I appreciate the club being so open to new ideas, I do not believe that this is the right one to move forward with.	3/1/2022 12:58 PM
34	It's already hard to get a court now. adding a competing interest to that will make it further difficult.	3/1/2022 11:38 AM
35	It's important that we don't overstretch ourselves financially. We have the loans on the Roberts Building, outdoor courts that will need to be paid. Do we really want to incur another one for outdoor pickleball courts?	3/1/2022 11:34 AM
36	I am surprised that members were not given the option to vote for the permanent use of court 18 for PB. That could provide an even more definitive (+/-) indication of interest. If the club is open to building PB courts on the gravel parking lot then certainly we can build tennis courts there as well (to make up for the loss of court 18 to PB should that happen).	3/1/2022 11:04 AM
37	I feel like it is already really hard to get courts for tennis at peak times. Having some go to pickle ball will make that even more difficult. If pickle ball is going to happen then let's have new dedicated courts elsewhere so we can keep all of our courts for tennis.	3/1/2022 10:48 AM
38	I would like to see some dual use indoor courts as well. I frequently play tennis alongside people playing pickleball.	3/1/2022 10:42 AM
39	I think it would be great to have pickleball at CP. That said, I would only think it would be great if it did not detract in any way from the tennis experience. I've played tennis other places next to pickleball and I didn't like it. That's why I don't want the outdoor courts striped for pickleball. Also, I'm saying I like the idea of pickleball courts in the gravel area. But I have no idea what that would cost and how spending that money would affect CP generally. All those things are factors that might (or might not) cause me to change my positive view of pickleball at CP.	3/1/2022 10:35 AM
40	If we have indoor pickleball we should build a wall for sound reduction	3/1/2022 10:33 AM
41	We winter in Palm Desert and our Club down here has done just that...temporary lines on the tennis courts. Very popular and have almost more pickleball participation than tennis now.	2/28/2022 11:44 PM
42	Pickleball creates an enormous amount of noise. It is impossible for a tennis player to concentrate or enjoy a game of tennis if pickleball tennis is on the next court or even 2-3 courts away. I have a first hand experience playing tennis on court at Redmond Tennis Center when pickleball is in session on the next court. Having a dedicated building is an enormous	2/28/2022 4:25 PM

## Pickleball Interest Survey

expense which can not be justified. We don't have enough tennis courts and we are not a racquet club but a tennis club. Why not have badminton which is an internationally recognized competitive sport? Noise on the outside courts can also lead to complaints from the neighbors. It is possible to packs more people on the same area as regular court which may lead to more traffic and lack or parking spaces.

43	I've only played pickle ball one time and it was fun. I can understand why others are VERY interested in having the option to play at the club. Hopefully, it will work out and we can all have fun learning the sport.	2/28/2022 3:50 PM
44	I have no problem with pickleball but would be very concerned if we do anything to make it even harder to get tennis courts. It is getting too difficult to get tennis courts at Central Park and any steps we take should be to make that easier. If we have real estate to add separate pickle ball courts then I think that would be great and may even help the tennis situation (so long as we don't just then increase membership as a result), but please do not make it harder for us to get tennis courts, particularly indoors	2/27/2022 6:10 PM
45	If you want to ruin a good tennis club, go ahead. Also, if you do, the tennis membership should not in anyway pay for any for it.	2/27/2022 11:35 AM
46	I think adding pickleball courts to our club will only strengthen our club especially in view of the demographics of our club and the popularity of pickleball. Thanks!	2/27/2022 9:58 AM
47	Pickle all is so popular it is now being featured on the Tennis Channel	2/27/2022 8:23 AM
48	I'm really torn on this topic. I worry that Pickleball will hinder the great tennis culture we all enjoy. However, I believe that some of the older, founding members may feel very passionately about Pickleball. I certainly think we should respect their wishes as we owe them so much for creating a wonderful club. I support testing a couple of courts for us to learn more.	2/26/2022 8:23 PM
49	The sport offers a different pace of game that is social and compliments tennis play	2/26/2022 8:10 PM
50	There could be an updated survey which includes costs (e.g. how much to build on gravel) as well as include other options other than just pickleball courts being built on the gravel (e.g. more tennis courts on gravel like clay courts)	2/26/2022 7:23 PM
51	My family enjoys this sport since all ages can play it together. Great for families.	2/26/2022 4:10 PM
52	We would support availability of more courts and if there would be plans to use the Gravel Area would be the best case and we can choose to create Tennis + Pickle Ball Courts.	2/26/2022 2:11 PM
53	I think having 2 pickleball courts could be fun...I do worry about the general public trying to access them if in parking lot.	2/26/2022 2:06 PM
54	I don't think Central Park has any room for Pickleball. If it was in a separate building it would be ok..... but the Pickleball players should fund it!	2/26/2022 1:55 PM
55	All four of my family members feel the same as I responded on this survey.	2/26/2022 10:19 AM
56	I have found alternate places to play and unlike the fact I don't have to sign up and Pb is open play.	2/26/2022 10:11 AM
57	Really like the idea of indoor pickleball	2/26/2022 10:00 AM
58	Pickleball is a fast growing sport that appeals to all ages. It is particularly friendly to aging players, such as myself, who have difficulty covering a tennis court. It is also a very social game, like tennis, which I appreciate. A multi-purpose club is more appealing to prospective members.	2/26/2022 9:46 AM
59	See above!	2/26/2022 6:11 AM
60	I joined a tennis club; not a pickleball club	2/25/2022 9:46 PM
61	The aging population at Central Park would remain members if there were pickleball courts. Public parks are converting tennis courts to pickleball courts due to more pickleball players. When we traveled to Hawaii last year, the pickleball courts were packed while the tennis courts were empty.	2/25/2022 8:55 PM
62	I would prefer to not have pickleball but if we must, then move them as far away from outdoor courts as possible to minimize the noise pollution	2/25/2022 8:27 PM

## Pickleball Interest Survey

63	Create a separate membership for those who want to participate in pickle ball.	2/25/2022 7:46 PM
64	The HOA built 8 pickleball courts at my neighborhood in La Quinta, CA (where something like 8 current/former CPTC members have a residence) and they are busy all the time. Pickleball is a game that is less invasive on the body and people can play many more hours per week.	2/25/2022 7:43 PM
65	Seattle Tennis Club does not have pickleball other than their membership. We would like to follow their example.	2/25/2022 6:40 PM
66	As I get older I'd like this more and more from social standpoint.	2/25/2022 6:29 PM
67	I support the idea of pickleball. I don't think I'm in a place right now to pick it up but I think offering it is a nice idea for the club.	2/25/2022 5:24 PM
68	I live in Seattle and have to co-exist with Pickleball at some of the outdoor courts here. Even when it is some distance away, the games are really horribly loud. You would certainly hear a tremendous noise at the pool area and I think would also be clearly audible from the deck. Please keep this game away from CP.	2/25/2022 5:12 PM
69	Pickleball is the fastest growing sport in the US; easy to play in all age ranges, and is an easy transition to play for tennis players who start to have mobility/injury issues.	2/25/2022 4:42 PM
70	Very interested in pickleball	2/25/2022 4:22 PM
71	Definitely think that an indoor building strictly for pickleball will be the best option. Does not disturb tennis.	2/25/2022 4:13 PM
72	the club should limit membership and focus on tennis only	2/25/2022 3:55 PM
73	Per above and based on the assumption that some members will now play pickleball instead of tennis, analyze the potential of increasing membership maybe 5% (25 additional memberships), to help finance costs of new pickleball courts.	2/25/2022 3:17 PM
74	Totally not relevant to this survey, but a sauna would be a great add. I keep reading about the health benefits :)	2/25/2022 3:04 PM
75	Pickle ball will hurt your tennis game. People who aren't serious about tennis should join a different club	2/25/2022 3:00 PM
76	Pickleball is noisy and lines are distracting. It is inappropriate to have Pickleball courts adjacent to tennis courts. I play at many facilities where the Pickleball is played and the best scenario is where there is ample separation between these two sports.	2/25/2022 2:47 PM
77	Would be great to have a pickleball clinic sometime at CPTC	2/25/2022 2:37 PM
78	See above!	2/25/2022 2:29 PM
79	Dedicated outdoor courts is the only way to go	2/25/2022 2:22 PM
80	If CP members really want pickleball then CP should invest in outdoor PB courts first with a plan to assess use prior to investing in indoor courts. Also, how would dues work for pickleball. Would there be a PB only membership or an optional add on for current tennis members. This needs to make financial sense for members who are not interested in PB. I play PB when I visit my family in So Cal. It's fun but it messes with your tennis game!	2/25/2022 2:08 PM
81	I prefer to see the club remain a pure tennis club with fitness facilities and of course, our pool.	2/25/2022 2:00 PM
82	It would be nice to have paddles and balls for people to check out so they could try it without buying equipment.	2/25/2022 1:50 PM
83	I think that Pickleball is a great and fasst growing sport that is accessible to many ages and fitness levels. It will be a great addition to Central Park. We used to have a squash court, so we were never a tennis exclusive club, so now lets welcome pickle ball.	2/25/2022 1:50 PM
84	Noise level from pickleball balls and rackets would impact community and absolutely lead to complaints against the club.	2/25/2022 1:45 PM
85	What about striping an indoor court also?	2/25/2022 1:38 PM
86	Would you consider a paddle tennis court too. Or even in place of pickle. Paddle can be played outdoors during the winter. It is a great alternative to pickle and can be used all year long	2/25/2022 1:35 PM

## Pickleball Interest Survey

87	Would not be in favor of losing indoor courts to pickle ball How does maintenance costs differ due tennis vs pickle ball courts? Are we going to open up membership for pickle ball only?	2/25/2022 1:17 PM
88	Daytime clinics	2/25/2022 1:13 PM
89	I take this as a step to becoming a 'racket' club rather than tennis club. Since we are at capacity and tennis court usage is 'full', I would be ok with pickle ball expansion only if it has zero impact on tennis availability, cost of membership, etc. In other words, an independent and self-sustaining component.	2/25/2022 12:45 PM
90	I personally have no interest in pickleball, but adding more activities to the club is always a good idea. I do think that dedicated pickleball courts would be ideal, instead of painting additional lines on tennis courts.	2/25/2022 12:45 PM
91	More Pickleball! Indoor Pickleball too. I have to go to ETC to play every week now and those courts are getting crowded.	2/25/2022 12:44 PM
92	Whatever is done, do it in a way so as not to create conflict in the club.	2/25/2022 12:40 PM
93	One court will not be enough. Possibly.....days/times of the week that an entire building could be utilized for Pickleball.	2/25/2022 12:39 PM
94	pickleball is growing fast in our area and all over the country, we need pickleball at CP, especially as our membership continues to get older. Many older tennis players can play pickleball even if they can no longer play tennis	2/25/2022 12:39 PM
95	I saw pickleball courts at Columbia Athletic Clubs and they were on basketball courts for courts on the inside of the athletic center away from the tennis courts. Eastside Tennis Club (ETC) has some pickleball courts in the same building in a designated area and that seems to work for them. But ETC is in an industrial park, not a community. Or maybe have the pickleball community develop and create their own clubs.	2/25/2022 12:13 PM
96	I like the idea of incorporating pickleball into the club because it will help retain aging members who may feel pickleball is a better fit	2/25/2022 12:08 PM
97	Love the pickleball idea, and would definitely use it. Would probably rejoin as a regular member if pickleball became a reality.	2/25/2022 12:04 PM
98	I think a good test to gauge interest and also educate members about the experience of placing pickle ball near tennis courts. That would be fairly limited if on the gravel parking area, but still within earshot. Our community here in FL actually prohibited home pickle ball courts due to the sound.	2/25/2022 11:55 AM
99	I like to play pickleball but still would choose tennis!	2/25/2022 11:47 AM
100	Tennis courts should never be ruined just for PB to exist. Solutions in other communities that are successful allow PB to be played in centers designed for it.	2/25/2022 11:41 AM
101	We are a tennis club and I don't see a need to add pickleball.	2/25/2022 11:40 AM
102	A fundraiser might be a good idea to generate funding. Maybe an auction?	2/25/2022 11:38 AM
103	I think pickle ball is fun but is super noisy. Just concerned with noise for tennis or neighborhood	2/25/2022 11:37 AM
104	I know the tennis purists don't want pickle ball, especially the noise. But I find it much less annoying than inconsiderate or poorly behaved tennis players on a adjacent court.	2/25/2022 11:32 AM
105	If pickleball is going to be added to CP in a significant way, then membership needs to change such that only those members who want to play pickleball are financially responsible for substantial costs (such as building courts, etc). I absolutely will not stay a member if CP invests a significant amount of resources in pickleball, or takes away from existing tennis resources.	2/25/2022 11:29 AM
106	Just as long as it doesn't cut into the indoor tennis court times then definitely do not have any issues with it.	2/25/2022 11:27 AM
107	Love it	2/25/2022 11:27 AM
108	I think we should focus only on tennis	2/25/2022 11:23 AM

## Pickleball Interest Survey

109	It's fun. New dedicated courts would be the best option.	2/25/2022 11:22 AM
110	It would be nice to have Pickleball at the club	2/25/2022 11:14 AM
111	I would like indoor capabilities also. Possibly off hours in one of the buildings	2/25/2022 11:14 AM
112	Because pickle ball is the fastest growing sport in America this is necessary for us to look into, however Central Park tennis Club is a Tennis Club and it is fairly easy to find free indoor pickle ball on the Eastside.	2/25/2022 11:12 AM
113	I have a single membership, but would likely transition to a family membership if we had Pickleball as my wife likes Pickleball.	2/25/2022 11:09 AM
114	Pickleball players rarely understand how the sound of pickleball affects the atmosphere of a tennis facility. It's a great game, but needs to be at a separate location- not shared with a high quality tennis club. Never, even temporarily, consider pickleball lines on our tennis courts!	2/25/2022 11:00 AM
115	I would like very much like Central Park Tennis Club to remain focused on Tennis and Fitness only, and not dilute the club experience with Pickleball.	2/25/2022 11:00 AM
116	I would like to have a survey to learn whether it would be possible to build a tennis wall as well.	2/25/2022 10:57 AM
117	Love the pickleball idea but do want to ensure it is in addition to tennis not in lieu of tennis	2/25/2022 10:55 AM
118	See above We need them	2/25/2022 10:55 AM
119	The demand for pickleball courts will continue to be quite high, and the committee should think long term in an effort to meet that certain demand. Many of our older members will gravitate to this sport, if they haven't already.	2/25/2022 10:54 AM
120	Love the idea of pickleball. In clubs that have done this (e.g. ETC, WSC, etc.) and created dual use courts, what we've found is (1) the lines make tennis courts a little messy/less clean; (2) the noise from pickleball is non-trivial and really distracting for tennis (often frustratingly so). I suspect committee is already considering this (even given how the questions above are phrased), so assume decision is in good hands. Thanks!	2/25/2022 10:53 AM
121	I would strongly object to converting any indoor tennis courts to pickle ball courts.	2/25/2022 10:50 AM
122	I think pickleball became a trend during and because of the pandemic and will lose popularity when things go back to normal. I think there are more important things for the club to use its money and resources on.	2/25/2022 10:47 AM
123	I support pickleball but tennis courts are hard to book and I wouldn't want to remove tennis courts for pickleball	2/25/2022 10:47 AM
124	I would also be in favor of pickleball court lines on courts 5-8.	2/25/2022 10:43 AM
125	We should do something but not restrict tennis. Would be willing to financially support even though at this point don't play.	2/25/2022 10:42 AM
126	if you want to do anything for the club, make swimming pool larger, put same lanes, make it usable. Expand fitness area.	2/25/2022 10:40 AM
127	It would be great to have covered pickleball courts for the rainy season. Also, we might consider separate membership pricing for "pickleball only" members of the club.	2/25/2022 10:40 AM
128	This totally makes sense. I was at a tennis club in Indian Wells that just added eight pickleball courts, then added Pickleball only memberships to help pay for it. It was a big success.	2/25/2022 10:36 AM
129	If you build it the members will play and love it and there will only be a couple of complainers	2/25/2022 10:36 AM
130	I have played tennis at nearby parks where they transformed part of the court to pickleball. It was really distracting hearing the different ball next to our court. And they had multiple pickleball games playing on one tennis court. Overall, if pickleball is needed, it should be in a separate area, away from the tennis-focused courts.	2/25/2022 10:34 AM
131	Noise issue outside from neighbors with pickleball? If we can't have lights outside for tennis, would they mind pickleball noise?	2/25/2022 10:32 AM
132	Suggest having a dedicated court for pickleball than using existing any of the tennis courts	2/25/2022 10:28 AM
133	I would want the courts away from the tennis courts. Pickleball is very loud.	2/25/2022 10:28 AM

## Pickleball Interest Survey

134	If pickleball is allowed, I believe it should be pickleball dedicated courts that are away from the tennis courts. Pickleball, especially if there are a large number of players, can be loud and the noise from pickleball can be very jarring to the tennis players (even more so indoors).	2/25/2022 10:27 AM
135	Obviously, noise is always a factor with regards to PB. How would the club monetize PB? Also, there might be future requests to add PADEL as well. It's very popular ex-US.	2/25/2022 10:27 AM
136	I have lined my driveway for pickle ball and enjoy playing with friends	2/25/2022 10:27 AM
137	I join Central Park to escape pickleball but now you are adding it to the club. If you are going to do that, please add more parking spaces	2/25/2022 10:26 AM
138	At our winter place - pickleball has had a great positive social impact.	2/25/2022 10:25 AM
139	Also in favor of having dedicated pickleball times in one of the buildings.	2/25/2022 10:25 AM
140	If we want to consider pickleball, I think we have to acknowledge it's either going to be 1) obtrusive (dual-use courts with louder play affecting those next door), or 2) costly (to add courts). I would vote to uphold the quality of our tennis experiences over adding this feature, and separately I would not vote to increase our costs to support adding pickleball. But I do think those are separate issues with separate solutions.	2/25/2022 10:24 AM
141	Yay!	2/25/2022 10:22 AM
142	I have attempted to play tennis adjacent to a pickleball court at WSC and it is imposible to comingle the two because of the noise associated with their paddles and balls.	2/25/2022 10:22 AM
143	I am playing at a facility that has a mixed use court. It can not be used for any kind of competitive play due to the lines and the nets stored on the side. When pickle ball is going, it's noisy for all the surrounding courts. I am 100% in favor of having courts that are not adjacent to our tennis courts if the majority want courts. I am 100% not in favor of mixed use courts.	2/25/2022 10:20 AM
144	I'm not a huge pickleball player, but I might play occasionally if we had pickleball courts. I understand that there are probably a lot of CPTC members who are pickleball players and, to that end, I would support low-cost temporary efforts to gauge member interest (eg - painting lines on court 18). Thanks!	2/25/2022 10:20 AM
145	I'm addition to painting lines on outdoor court 18. I would also suggest having a pickleball evening event utilizing all courts in one building a couple times a month. This might be a better gauge of interest especially at this time of year.	2/25/2022 10:19 AM
146	When it is indoors, it is loud! The hard paddle to the hard ball makes it a very loud sport. Though, I think it's a great outdoor option! :)	2/25/2022 10:19 AM
147	Thanks for looking in to this. I'm curious to see what the members think.	2/25/2022 10:17 AM
148	I just put a pickleball court in my back yard. It is a great sport and good alternative to tennis.	2/25/2022 10:14 AM
149	What will the threshold of interest be to move forward? Do you think people will leave club if we don't provide pickle ball?	2/25/2022 10:11 AM
150	See above We need them	2/25/2022 10:10 AM
151	Pickleball has proven to be a HUGE cash cow at other clubs. CP should leverage this asap!	2/25/2022 10:09 AM
152	Pickleball is growing in popularity and we should go with the flow	2/25/2022 10:08 AM
153	This is a great idea and would love to provide some more input. One of the tennis areas in Sun Valley recently converted some of it outdoor tennis courts to Pickleball and it is a real nice facility that is getting more use. I have some pictures I could share.	2/25/2022 10:07 AM
154	Central Park is a tennis club. I'd rather see us invest more in tennis, and perhaps fitness in general, and not other racquet sports.	2/25/2022 10:05 AM
155	It's already really hard to get a court for tennis. We joined for tennis. If pickle ball is going to happen then there should be new courts and to not take away from tennis.	2/25/2022 10:04 AM
156	I am really looking forward to playing pickleball at CP with our awesome club members!	2/24/2022 2:51 PM
157	It'd be great to have outdoor pickleball courts covered so we can play even when it's raining.	2/24/2022 2:04 PM
