Men's Club Championship Results

The Mens' Club Championship took place in October 14-16 this year. The tournament is normally held in August but was played on October due to the course renovations. Zach Healy is our 2022 Men's Club Champion with a final score of six over par. Zach held on to win by one stroke over his cousin Brock Healy and by two over Brian Kelleher. Richard Pentecost is the 2022 Net Club Champion with a score of two under par net. Richard Ryan is our 2022 Men's Senior Club Champions with a score of ten over par and Ryan Callaham is the Junior Club Champion finishing fifteen over par for the tournament. Thank you to all who played in the 2022 Men's Club Championship! Complete results are included for your review.

Tough Day

Grab your favorite member and sign up for the annual Tough Day tournament on November 5! The format is a two person scramble and we've set the course up extra special. The front nine will be set up by the Golf Staff for fun and enjoyment. The back nine will be setup by evil and mischievous superintendent Chris Purvis. The tournament will be a 9 AM shotgun start followed by food and prizes afterwards. Don't miss out!

Info:

Saturday Nov. 5th

9 AM shotgun

\$55/player includes prizes and food afterwards

The Berkeley Cup

The third annual Berkeley Cup took place October 21-23. The format is stroke play with a Mid-Amateur field of players age 25 and older and a Senior-Am division with players age 55 and older. We had a strong field represented by eleven different states this year. John Hunter from Houston, Texas won the tournament by seven shots with a fantastic score of ten under par for three rounds. John's first round 66 is the lowest tournament score on the new greens. Berkeley's own, Taylor Smith, tied for second at three under par. Mark Lindberg from Dallas, Texas is the Senior Champion with a score of seven over par for three rounds. Thanks to all of the members who volunteered to help with the event and all of our members who played in the tournament.

Santa Claus Open

The annual Santa Claus Open will take place on Saturday, Dec. 3rd. Like in years past, each team is asked to bring an unwrapped gift to be donated to the Gwinnett Country Department of Children's Services. The format for the tournament is a four person scramble and players will play from the tee that their handicaps are established from. Also, all merchandise inside the Golf Shop will be 20% off for one day, this would be great opportunity to find your loved one that one last stocking stuffer for Christmas!

Info:

Saturday Dec. 3rd

10 AM shotgun start

Each player is required to bring one unwrapped gift to be donated.

\$60/person includes prizes and lunch after golf.

Love your Club!

Please remember to fill your divots, rake the bunkers, pick up your cigarette butts and any trash you see on the course or in the parking lot. This is your Club and the staff does the best they can to maintain all but we need your help. Also, if you see something that is out of order or out of place, please let a staff member know so that they can get it fixed asap. Love your Club!

Superintendent News November 2022

It's the time of year for frost delays. Once the temperature begins to reach into the 30's, I will leave a message on our Course Conditions line of what going on: if there is a frost or cover delay or not, and if its 90 degree or cart path only. That number is 770-448-2008 and press 1 for Course Conditions. It is normally updated a few minutes after sunrise. We all know what a frost delay is, but what would cause a cover delay? When we cover, normally it means the nighttime temperature is dropping into the 20's. If it's in the 50's during the day, there is a chance we will not cover and just let the greens get frosted up. But if the night is getting into the 20's and the day is in the 30's and 40's, there is a good chance we will put the covers on that afternoon to capture as much heat as we can before night. The other variable we judge by is frozen time. How long is the temperature going to be below 30 degrees. It's a guessing game. The University of Arkansas has been working on this for 15 years. Their data shows that there is not any damage until you get around 14 degrees, but I will not take that chance. It being their first year, we will be more protective of the young grass; and as the greens age, we can be less protective as they adapt to their environment.

As a reminder, the Grounds Committee has recommended we stay on the mats the entire winter to help our range tee green up better for next Spring. As of November 1st, the Range will be mats only until Springtime.

You have any questions, please ask.
