

Trail Highlights

Golf Course Trail – The trails located within and near The Crossings at Carlsbad provide a diverse and unique trail experience for everyone. Whether you're out on the trails for a recreational experience or a fitness program, there's much to see and explore along the way. The Crossings Trail leads out to the west of the golf course and down to Macario Creek where one can experience the diverse local riparian habitat. The trail joins a rustic golf cart bridge and path at the bottom of the canyon, and then continues on to Veterans Memorial Park via a pedestrian tunnel under Faraday Avenue. Once in Veterans Memorial Park there are more primitive trails that can be hiked to high vistas with breathtaking views of the Agua Hedionda Lagoon and the Pacific Ocean.
