

Logan Bills comes from a competitive Hip-Hop dance background, which lead her to find her love for Zumba. "I can honestly say I absolutely LOVE what I do!" A 45 minute or hour long Zumba class can turn around somebody's day and she loves to be the instructor that helps them do that, along with improving their health and fitness abilities. "I put my whole heart into each and every class I teach hoping to change one life at a time through my love of Zumba."
