Manatee County and Stoneybrook HOA Yard Waste Disposal Guidelines & Rules

Question: How is yard and landscaping waste to be disposed?

Answer: Yard and landscaping waste is picked up curbside each Wednesday. The exception is any week containing a national holiday. On weeks with a national holiday, the yard waste pickup day slips one day to Thursday.

Question: Are there Manatee County rules or guidelines concerning size or weight of yard waste containers or where they are to be placed?

Answer: Yes, yard waste containers are to be no larger than thirty-two gallon capacity and the maximum weight is fifty pounds. Plastic bags are also acceptable containers. The size & weight limits are intended to minimize the risk of injury to sanitation workers. Manatee County requires yard waste to be placed between the sidewalk and curb for curbside pickup. Sanitation workers are under no obligation to pickup large unbundled piles of yard waste.

Question: Are there Manatee County rules or guidelines concerning yard waste?

Answer: Yes, yard waste is to be placed either in a container e.g. the same container that homeowners might use for trash, bagged, or tied into bundles. Each bundle is to be no longer than four feet in length. The maximum weight of any container, bundle, or bag is fifty pounds. The size & weight limits are intended to minimize the risk of injury to sanitation workers. The HOA rule is yard waste is to be placed curbside no sooner than twelve hours before the pickup day.
