

Please review the following information before visiting Colwood Golf Center. We have procedures in place to help protect the health of our staff and guests. Also, before arriving, please be aware of our social distancing measures: please remain at least 6' from one another at all times – this includes on the golf course, in the parking lot, on the driving range, on the practice green, standing in line to pay/check-in, etc., etc.

Facilities

- A face mask/face covering will be required in order to enter the building (to use restrooms).
- Access to restrooms is available inside the clubhouse at the rear entrance to the golf shop. Enter through the lobby door, and limit restroom use to one person at a time.
- The golf shop will be restricted to staff only – customers will not enter the golf shop.

Booking a Tee Time (2 options):

- Online: Booking online is the preferred method, so we can limit the number of phone calls in the golf shop.
 - *Note: if you book online, you still have to pay at the course or over the phone. Online payment for your tee time is not currently available.*
- Call in: You can also call and book over the phone. Please note, however, you may experience delays.

Paying your Green Fee (2 options for credit card payments – we are NOT accepting cash at this time):

- Pay at Check-in: located in the doorway to the golf shop, where staff will remain behind a newly installed window.
- Pay over the phone: call before you arrive, or call from the parking lot and we can accept your credit card payment over the phone. Please make sure you know your tee time, this information is imperative to our staff in accepting a phone payment and checking you in.

Golf Cart Use

- Power Carts are available. Same-household pairs are allowed to share a cart. Otherwise, a single-rider cart rule will remain in effect for those who do not live together.
 - We have a limited supply of power carts. Availability is first come, first served.
- Pull Carts are available for rent as well, on a first come, first served basis.

Driving Range

- Purchase your range balls either over the phone or in person at the doorway to the golf shop – then proceed to the “self-serve” table outside the golf shop to pick up your full, sanitized basket.
- After hitting, return your empty basket to the white sanitizing buckets located in the middle of the range tee area.
 - Note: sanitizing buckets are a liquid bleach mixture, and very potent. Watch your clothing.
- Our range stalls are 10' wide, which accomplishes social distancing.
- Avoid using benches and other fixtures on the range. Limit touching of all fixtures.

Food & Beverage

- We offer canned beer and other beverages for sale at the golf shop. Snack food items are available as well.
- Our restaurant has remained closed, and currently we do not have a re-open date set yet.

On the Golf Course

- Leave the pin in the cup. Don't touch the flag sticks.
- Repair your ball marks and divots please.
- We do not have cart paths, so be mindful of soft/wet spots if you are riding in a golf cart. Keep carts away from the putting greens.
