PACE OF PLAY

- Maximum Stroke Limit: Every player must pick up their ball if their score exceeds 3 over par for that given hole regardless of their **handicap or opponent**.

- Once a player reaches the maximum stroke limit they MUST pick up their ball on that hole. In Match Play, picking up your ball means you concede the hole and receive 0 points for the hole.
 - **Example: Player 1 and Player 2 are competing on a par 4. Player 1 hits his 7th shot into the bunker. Player 1 must pick up his ball. Player 2 continues to play the hole and also receives a 7. Player 2 wins the hole because Player 1 conceded first.**
 - **Everyone is encouraged, but not required, to pick up their ball after their opponent concedes to speed up the pace of play.**

NOTES

- Matchplay Format: Players who do not find themselves a sub or do not compete in their scheduled match will receive 0 points for that week.
