**Players Pass 2022 – Available Now in the Pro Shop**

Great for friends and family. Details are on line and in the foyer.

**. Joggers, Walkers & Site Seers!!**

Fall foliage will be in bloom very soon. With it comes all the beauty that is a golf course! While we do appreciate our many joggers, walkers, dog walkers and site seer, we ask that they would use the community paths instead of the golf course cart paths.

**No Fishing!**

While we understand the ponds are very attractive to those that like to fish, it is very dangerous to fish on a golf course. No Fishing is allowed and if you see

anyone fishing, please report it to the Pro Shop. The Golf Course, Lee's Hill, accepts no liability to those that get injured while fishing on the golf course

**90 Degree Cart Rule: Important (please read)**

At this time of the year, it is extremely important to enter the fairways at 90 degrees to the ball from the path in order to help not wear out the turf at the beginning of each fairway once leaving the tee box. Your help and attention to this matter is most appreciated.

**TURF TALK**

Turf Talk September 2021

As we approach the last month of summer, we are preparing the course for our fall golf season.

Agronomic practices will include; greens aerification, fertilization and topdressing, course fertilization with barricade, which in addition to plant nutrition will also provide a pre emergent component to reduce poa annua populations next spring.

We have also been busy eradicating sedges and grassy weeds in the rough and surround areas. This can be a tedious process on the spray rig. Thank you for being patient as we traverse the course spraying select weed populated areas.

Please remember to adhere to the 90 degree rule and continue repairing ball marks and divots. This makes a huge difference in course conditions particularly considering the high volume of play that we have been experiencing this season.

The Cicada menace has come to a close and the greens will be topdressed shortly to smooth them back up. The damage to the greens appears to be slightly less than last year as activity ramped down in early August. As our weather cools, we look forward to seeing you often on the course!

Thanks for your continued support, John Burns GCS
