*"We loved having our wedding at Hidden Creek. The layout was just what we wanted! We got married outside on the open deck, with beautiful fall trees behind us. The cocktail hour was on a covered deck that had heaters if needed and the reception was inside. The food exceeded our expectations, we got a ton of comments from our guests loving the food. The catering staff are wonderful to work with! Day of, they were one step ahead of us and ensured everything went off without a hitch! Everything was perfect."*
