

**October 2021**

## NOTES FROM THE PRO

Pete Dunham, PGA Professional, Director

### The Golf Course is in Great Shape!

A huge shout out to our superintendent, Dustin Nemenz, and his staff... Speaking of fast greens, make sure you are spending some time practicing your pace!

A small difference in impact and/or effort can make a big difference in where your putts ultimately end up when green speeds get over 10!

Take some time practicing 'touch'. Work on hitting putts the proper distance.

On long putts that would be getting the ball within a couple of feet of the hole (short or long) and on shorter putts, it's making or knocking your missed putts about a foot past the hole. The better one's pace, the more 2 putts and ultimately the more 1 putts will be made.

After some consistent and systematic training...

**Simply GO PLAY GOLF!  
Stop THINKING golf swing!!!**
